

## The Yun Family's Ninth Child is an Imp! Chapter 1527

Yun chujiu snorted coldly and walked to the place where the big mushroom was originally. After lifting up a few bluestone slabs below, more than ten steps were revealed below. Yun chujiu still threw a handful of stones down and saw that there was nothing unusual, only then did she walk down the steps.

Nangong Luoyue and the others also hurriedly followed her down. What a joke. If they didn't follow little jiu closely, what would happen if that damn big mushroom came back? !

Everyone came to a sudden realization after walking down. So this was the real cave abode. That big mushroom should be the owner's demonic plant, responsible for guarding the entrance of the cave abode.

The inside of the cave abode was very simple. Other than a stone bed, there was a stone table and a stone bench. Other than that, there was only a white bone that had passed away.

When everyone was looking around, a mist rose from the white bone and gradually formed the appearance of an old man. His beard and hair were all white, and he looked somewhat like an immortal.

"Why did you barge into my cave abode?"

Nangong Luoyue and the others looked at Yun Chujiu at the same time, yun Chujiu said with a smile, "Senior, greetings! Of course, we came here to search for treasures! However, I see that your clothes are not that good and you probably don't have anything good. We came here for nothing!"

“Humph! You are so young and powerful! I don’t have anything good? What nonsense!”The old man snorted.

“You have something good? You have something good to guard the cave with a broken mushroom? You have something good, but this cave is so simple? I think you are completely boasting!”Yun chujiu curled her lips and said.

The old man was so angry that his beard curled up. “Little girl! Take a look at what this is?”

The old man raised his hand, and a large pile of spirit tools appeared on the ground. There were also some jade boxes inside, which were probably filled with high-grade spirit herbs.

Nangong Luoyue and the others had already guessed Yun Chujiu’s intentions. This fellow was really bad. He was just probing the truth. This old man was really naive. He actually fell into her trap just like that. Could it be that the ancient people were all so naive?

Although Yun Chujiu was overjoyed in her heart, she had a look of disdain on her face. “It’s Alright! Previously, there was some Hongyuan forefather who had more things than you here!”

The old man suddenly raised his voice. “What did you say? ! Hongyuan that Old Thing’s Cave? He’s still alive?”

Yun chujiu saw the hatred in the old man’s eyes and her heart moved. “He couldn’t have died earlier! He’s not even as good as you, you still have a remnant soul, he’s already completely dead!”

“Dead? He’s dead too? hahaha! Retribution! It’s really retribution! Old Hongyuan, you still died before me! hahaha! I won! In the end, I still won!”The old man seemed to have gone mad as he laughed out loud.

Yun Chujiu’s hair stood on end when she heard that. Why was she laughing like she was crying? Was this an enemy or a friend?

The old man calmed down after a long while, and then asked, “Tell me, how did you find his burial place? And what’s the situation inside?”

Yun chujiu did not hide anything and told him everything, including how she lied to the giant aquatic dragon and how she took him as her teacher.

The old man did not speak for a long time after hearing that. He was probably scared by Yun Chujiu’s thick skin and scoundrel.

After a long time, the old man sighed, "I didn't expect that! Hongyuan, you old man, you always claimed that you had unparalleled wisdom when you were alive. After you died, you actually let a little girl scheme against you. It's retribution! Retribution!"
