

## The Yun Family's Ninth Child is an Imp! Chapter 1535

Dean Huangfu thought to himself, aren't you feeling guilty for saying this? Didn't you just come here last year? Miss every blade of grass and every tree? I think you just Miss Yun Chujiu alone!

Although Dean Huangfu cursed in his heart, he couldn't refuse, so he said, "Of course, I'll send someone to take you to the guest house."

"Dean Huangfu, I'm not familiar with others, but I'm familiar with my little sister Jiu. In the next few days, you can ask little sister Jiu to accompany me to relive our school days," Xue Wuji said shamelessly.

Dean Huangfu could only nod in agreement. He knew that even if he didn't agree, this ancestor would still think of a way to get him to agree. In that case, he might as well do him a favor.

Hence, other than class time, Yun Chujiu went to look for Xue Wuji to chat. Occasionally, she would ask Feng Ming and the others to come over and play cards together. Xue Wuji was simply too happy to think about home!

That evening, Dean Huangfu held a banquet to entertain Xue Wuji. The four vice-deans and some student representatives accompanied him. Qin Mingzhu, Yin Sulian, and the others also attended.

Xue Wuji had been in a good mood recently, so the banquet was filled with laughter and laughter as they raised their cups frequently.

Ever since Yun Chujiu was taught a lesson by di beiming, she did not dare to drink anymore. Hence, she only drank a few cups of tea and spent the rest of her time eating bitterly.

Qin Mingzhu saw that Yun Chujiu did not drink, and her eyes flickered a few times. She gave a meaningful glance to one of the servants who served the dishes, and that servant nodded his head indiscernibly and left.

Soon, several bowls of hot soup made from all kinds of rare ingredients were brought over by the servants. The fresh fragrance assailed the nose. Yun Chujiu wasn't afraid of the heat and sipped the soup.

Seeing this, Qin Mingzhu was delighted. Humph, B \* TCH, no matter how cunning you are, you still fell for my trick! I put some ingredients in this hot soup for you. Although it's fine to use it alone, when mixed with the other herbs that were added to other dishes, it would be a powerful aphrodisiac, aphrodisiac, and medicine. A good show was about to start.

At this moment, yun chujiu suddenly shouted, "That handyman, come over here!"

The handyman was shocked. Could it be that Yun chujiu found out the problem? Qin Mingzhu couldn't help but clench her fists. was she found out?

The handyman was so nervous that he asked with a trembling voice, "Little Fairy Jiu, what are your orders?"

"What are you trembling for? Am I that scary? This soup tastes good, but a small bowl is missing. Get me two more bowls."

The servant felt relieved and quickly said, "Yes, yes. I'll go get it for you."

Qin Mingzhu also relaxed. B \* Tch, you're really courting death. It's a good opportunity to increase the dosage of the medicine so that you won't fall for it.

Not long after, the servant brought two more bowls of hot soup. Yun chujiu was sipping the soup with a spoon.

Xue Wuji teased with a hint of drunkenness, "Little sister Jiu, can you finish all that soup?"

"Brother Wuji, don't worry. If I can't finish it, I'll pack it up and leave. The taste of the hot soup is really good. It'll be unforgettable for a long time!" Yun Chujiu said with a look of enjoyment.

Qin Mingzhu sneered in her heart. It was indeed unforgettable for a long time. You would never forget it for the rest of your life!

After three rounds of wine and five different dishes, the banquet was over. Xue Wuji drank until he was a little shaky. He said to Yun chujiu, "Little Sister Jiu, I'm 80% sure that I drank too much. Please send me back to the guest house!"

Yun chujiu agreed readily and accompanied Xue Wuji to the guest house.

A trace of pride flashed in Qin Mingzhu's eyes. Everything was proceeding according to my plan. In another hour, the effects of the medicine would take effect. I would then design an excuse for Yin Sulian to go to the guest house, Yin Sulian would discover their ugly behavior..
