

## The Yun Family's Ninth Child is an Imp! Chapter 1545

After a full hour, the palace head's wife came out of the bedroom in a dazzling manner and was about to go out to welcome madam LAN, manager Luo walked in with a troubled expression. "Madam, you can go directly to the reception hall. Madam Lan and Miss Lan have been invited into the reception hall by the palace head."

"What? !"The palace head's wife smashed the coffee table with a slap!

"Madam, I heard that the Palace Lord was working in the study room in the front hall. I don't know how I heard that Madam Lan and the others had come, so I had someone bring them straight to the reception hall. The Palace Lord has just gone over as well."Manager Luo looked at the broken pieces on the floor, [ looks like I still have to get someone to purchase a batch of coffee tables, study tables and the like. ].

"HMPH! Di Linhan that bastard! He is exactly the same as when he was young. The moment he sees his three junior sisters, he will not know his place anymore!"The palace Lord's wife cursed through gritted teeth.

Yun chujiu blinked her eyes. The old witch was indeed Intrepid. She had actually called the pretty boy's father a bastard. TSK TSK, how amusing!

If the palace mistress knew that Yun Chujiu was thinking that way, she would probably strangle her to death. The palace mistress took a deep breath and said: "Come, Let's go to the guest hall. I want to see what that slut has become after not seeing her for over twenty years!"

Yun chujiu naturally wanted to follow her. She hopped and followed the palace master's wife to the guest hall. The guest hall was filled with laughter and laughter. The palace master's wife could not help but get angry, and her expression was very ugly.

Yun chujiu tugged at the palace master's wife's sleeve and said, "Aunt, the first thing to do when dealing with an enemy is not to panic. Won't you be punished if you get angry? "You are the master, and my uncle is your husband now. What are you afraid of? "Show me the stance that shocked me back then and torture her to death!"

Although the palace mistress felt that Yun Chujiu's words were mocking her for bullying others back then, she felt that what she said made sense. If she got angry, wouldn't she be punished by that B \* Tch Chu Lingyun? She had to show her master's demeanor.

Hence, the palace Lord's wife's aura changed, displaying the dignified demeanor of a palace lord's wife, as she brought Yun chujiu into the guest hall.

Within the guest hall, Di Linhan sat on the main seat, with a wife seated below his right hand. Her appearance had been maintained quite well, and she looked to be only in her early thirties. Not only was her appearance beautiful... , the most important thing was that she carried with her a feeling of self pity, delicate and weak.

Seated at the lower left hand was a young girl with a delicate and pretty face. She was saying something mischievously, which made di Linhan burst out laughing: "That Lass Luo Xue is really lively, completely different from fourth junior sister's personality back then."

“Senior brother, firstly, this lass has been spoiled by me. Secondly, my body has always been weak and she has always been trying to find ways to make me happy. Over time, she has become like a monkey!”

“Uncle Hall Master, Please Judge for yourself. Is there anyone in my mother’s life who would say that about their own daughter?”

... .

Hearing this, the hall master’s wife cursed in her heart. Damn it, that Slut’s life isn’t good either. Her son has stolen my daughter-in-law and this daughter of hers is also a scheming person. None of them are good!

The hall master’s wife adjusted her emotions and revealed a smile that was just right. “Madam Lan, I’m really sorry. In order to show how much I value you, I specially changed my attire. I’ve really neglected you. Please forgive me!”

Madam Lan stood up. When she saw that Madam Lan’s appearance was even more beautiful than before, she could not help but feel a tinge of jealousy and hatred in her heart. If it wasn’t for that slut ye jinse snatching senior brother Ling Han Away... , the position of Madam Palace master belonged to her, Chu Lingyun.
