

## The Yun Family's Ninth Child is an Imp! Chapter 1548

The palace master's wife could clearly feel that little nine had really treated her well in the past. If she had treated her the same way in the past, she would have long fainted from anger!

Madam Lan was usually pampered and pampered, where had she ever received such cowardice... , her face immediately turned ugly: "Senior brother, Jin Se, I am also Little Nine's senior. She is so rude and rude, are you going to ignore her?"

Di Linhan glared at Yun chujia unhappily: "Little Nine, don't be rude! Aren't you going to apologize to your Aunt Lan?"

The Lady of the palace lord was furious: "Little Nine is just using an analogy, she is not really scolding Lady Lan. Darling, you are making a big fuss out of nothing!"

Lady Lan said tearfully: "Senior brother, forget it, I know that Jin Se has never liked me. I came here this time to express my gratitude. Since she is so unwelcome, I will take my leave now. Luo Xue, follow mother back."

"Mother, you have often told me that Uncle Palace master has taken good care of your junior sisters. So that's the reason. Then let's go back." Lan Luoxue said with a pout.

Di Linhan's face was a little embarrassed: "Fourth junior sister, little girl Luo Xue, what are you doing? ! Little Girl Jiu, immediately apologize to your Aunt Lan."

The palace master's wife was about to flare up... , when she heard Yun chujiu say smilingly: "Uncle, don't be angry!"! Don't be angry! It's such a big deal! If you want to apologize, then just apologize! Madam Lan, I'm sorry, I shouldn't have used you as an analogy earlier. You are not a shameless person at all."

Madam Lan was so angry that she almost fainted. [ are you apologizing? ]? [ this is more like a provocation! ]!

However, she knew that she could not go too far and she still had to maintain her image in di Linhan's eyes. Moreover, she had come here to settle a big matter and there would be plenty of time in the future... , hence, she said: "Forget it, I will naturally not bicker with a junior like you. It's just that you have to change that unbridled habit of yours, or else you will lose the face of the Temple of Immortals in the future."

Yun Chujiu's little face fell in an instant, she said coldly, "Madam Lan, it's important to know your own limits. Firstly, I'm the Master, and you're the guest. Secondly, I owe you the favor of gifting you medicine. Just because I said a joke, do you think you can casually label me? What do you mean by disgracing the Temple of Immortals?"

My aunt hasn't said anything yet. What right do you have to lecture me? Who Do you think you are? You keep saying that you want to thank my aunt, but why do I feel that you are just putting on a sheep's head to sell dog meat!

I warn you, no matter what you mother and daughter are planning, don't expect to succeed! Although my uncle cherishes old friendship, I don't care about that. It's fine if you come as a guest honestly, but if I find out that you have some unspeakable motives, I'll let you know what Karma is!

"Uncle, you have always been the most sensible and doted on me the most. I didn't expect you to scold me for the sake of two white lotuses, one young and one old. Sob, I am so sad! "I don't want to live anymore! "I will go to the canteen and commit suicide!"

After saying that, Yun chujiu stomped her feet, turned around and ran out. As she ran, she howled, "Sob, sob, I can't live anymore! My heart has been broken into 108 pieces!

Some people obviously have husbands, but they still act coquettishly to other people's husbands. They're really shameless! They look so shabby, but they still have the nerve to compare with my aunt. They really overestimate themselves! They're already so old, yet they still pretend to be a young girl. Bah! Old cucumber painted green, pretending to be young!"
