

## The Yun Family's Ninth Child is an Imp! Chapter 1553

Madam Lan had obviously never met someone like Yun Chujiu before. She was momentarily speechless, lan Luoxue suddenly stood up. "Yun Chujiu, you're comparing me to a dancer? Apologize to me immediately!"

Yun chujiu helplessly spread her hands. "Aiyo, I've heard of treasure hunters, but I've never heard of anyone picking up curses! When did I say that you, Lan Luoxue, are a dancer? Brother Beiming, did I say that Lan Luoxue is a dancer?"

Di beiming spat out two words indifferently: "Never."

Lan Luoxue saw the two of them chiming in, and her heart burned with jealousy: "Mother, we came to the Palace of Immortals as guests, not to be bullied. We will set off for the LAN family now."

Madam Lan's eyes reddened, she looked at di Linhan: "Senior brother, during the day, I already said that I wouldn't be staying, but you insisted on keeping us mother and daughter. I didn't think that we would be belittled like this again. We will take our leave now, and we will never set foot in the palace of Immortals again."

Seeing that, Di Linhan immediately smacked the table in displeasure: "Little Nine Lass! You have gone too far! Aren't you going to hurry up and apologize to your aunt Lan and Little Luo Xue?"

It was not easy for the lady of the Hall Master to suppress the thought of flipping the table over. Damn it, you old scoundrel, you only know how to turn the tables around? [ what kind of bewitching potion did Chu Lingyun give you? ]? Once she pretends to be pitiful, you don't know your place anymore?

Di beiming suddenly stood up. "Father, I still have some matters to settle in the front hall, I will take my leave first."

Di Linhan waved his hand impatiently. "Go!"

"Little Jiu, I have something to ask you, come out with me for a moment!" Di beiming walked to Yun Chujiu's side and directly held Yun Chujiu's hand as they walked out.

Di Linhan was so angry that he almost fainted. You Little Brat, what do you mean you have something to do? You are protecting your wife! How outrageous!

Di Linhan was just about to flare up when he saw Yun chujiu turn her head, she said with a smile, "Madam Lan, Sister Luoxue, I'm sorry. Although you know how to dance, you are not dancers. You are all decent people. You are not flirtatious B \* tches who hook up with others!"

After Yun Chujiu finished speaking, she followed di beiming and left. Lan Luoxue stomped her feet in anger: "Uncle Palace Master, is this called an apology? Mother, let's go, let's go home!"

Madam Lan wiped her tears with a handkerchief: "Senior brother, I know that there are some things that you can not say now. We mother and daughter will not give you any more trouble, we will take our leave now."

Di Linhan immediately lost his face, he slammed his hand on the table: "Fourth Junior sister, little girl Luo Xue, feel free to stay here. I will send Little Girl Jiu to pay you a visit tomorrow to apologize! Jin Se, come with me!" Di Linhan said to the mistress of the palace hall with a dark expression.

The mistress of the palace hall was also filled with anger and immediately stood up to leave with Di Linhan.

Although manager Luo could not wait to chase the mother and daughter of the Lan family out immediately, but when she recalled di Linhan's instructions, she could only say: "Madam Lan, Miss Lan, please come to the guest house to rest."

The mother and daughter of the Lan family exchanged a look and brought their handmaidens back to the guest house.

"Mother, that Yun chujiu is really too detestable! I wonder what kind of eyes elder brother and his holiness have, to actually like her? She is simply a vulgar scoundrel!"

A trace of viciousness flashed through Madam Lan's eyes. "She's just a little girl, she won't be able to jump for long! Luo Xue, Tell Your Mother the truth, are you in love with Your Majesty?"
