

The Yun Family's Ninth Child is an Imp! Chapter 1558

Madam Lan was also a little curious, but after thinking about it, she understood. Luo Xue probably wanted to make the injuries on her body more serious so that it would be more convincing. It had to be said that Luo Xue's ruthlessness was very similar to when she was young, since it was a scheme to make her suffer, she naturally had to make it more realistic.

Therefore, Madam Lan did not come out to stop her. She only said indifferently, "Little ninth girl, Luo Xue, both of you stop. If you have something to say, say it properly."

Although manager Luo was somewhat puzzled by the sudden change in Yun Chujiu's style, she was certain in her heart that Miss Ninth had her own arrangements. She only needed to watch the show, so she did not move.

Thus, Lan Luoxue was miserable. She was clearly beaten by Yun chujiu until her internal organs were in extreme pain, but she could not move at all. Moreover, she could not say a word. She could only be kicked by Yun Chujiu, who was living a life worse than death.

Yun chujiu was very smart. She did not kick Lan Luoxue's face at all. She specifically kicked at the vulnerable parts of her body. She kicked until she was high, and she kicked for almost an hour.

Madam Lan finally realized that something was wrong!

No matter how much Luo Xue could endure, she should not have not said a word? Could it be that she was kicked to death by Yun Chujiu?

When Madam Lan thought of this, she suddenly jumped into the courtyard and reached out her hand to Slap Yun Chujiu. Yun chujiu dodged to the side and turned on the recording stone, then she said with grief and indignation, "Aiyu, it hurts so much! Madam Lan, you, you actually bullied the weak. You actually hit me?"

Madam Lan did not have the time to pay attention to her. Seeing that Lan Luoxue was fine, she was relieved. "Luoxue, Luoxue, how are you?"

Lan Luoxue suddenly cried out in pain. "AH, it hurts so much! It hurts so much! Mother, that B * Tch Yun Chujiu hit me so hard that it hurts! Moreover, it was as if I was under a spell just now. I couldn't speak or move! She must have poisoned me! Please help me take revenge quickly and capture her. I want to tear her into pieces!"

Madam Lan frowned. She was a little hesitant. Was Luoxue acting or real? No matter what, the fact that Yun chujiu hit Luoxue was already confirmed. Since that was the case, let's make this matter bigger!

Madam Lan gave a signal to the maid beside her. The maid removed the protective array in the courtyard. Just as Madam Lan was about to berate Yun chujiu for beating up Lan Luoxue, she saw Yun chujiu smiling at her mysteriously.

Madam Lan's heart skipped a beat. Then, she heard Yun chujie howl, "Madam Lan, sister Luo Xue, I've already apologized to you. Why are you still beating me up? Manager Luo, save me!"

Before Madam Lan could react, she saw Yun chujie mess up her hair. She even rolled on the ground a few times. There was even some blood on the side of her mouth. She looked at her provocatively.

Manager Luo was also a shrewd person. When he saw Yun chujie doing this, he immediately raised his voice and said, "Madam Lan! Madam Lan, let's talk nicely. Please don't hit me!"

Madam Lan finally understood that the two of them were prepared to retaliate. She shouted angrily, "Shut up! It was clearly Yun chujie who hit Luo Xue! When did I hit Yun Chujie?"

Yun chujie did not wait for her to finish speaking and rushed out of the courtyard. "Help! Help! Help! Murder! Aunty, uncle, Help! Madam Lan wants to kill me!"

Manager Luo immediately cooperated and shouted, "Miss Jiu, run quickly. This servant will help you stop Madam Lan!"
