

The Yun Family's Ninth Child is an Imp! Chapter 1561

Di Linhan's brows were tightly knitted together. He knew that Yun Chujiu and Madam Lan must have been lied to, but who was the one who was lying?

"Manager Luo, tell me, what exactly is going on? If there is even the slightest falsehood, I will not forgive you!" Di Linhan turned to look at manager Luo.

Manager Luo had already boarded the pirate ship and naturally would not dig a hole for herself... , thus, he said, "Reporting to the hall master, after ninth miss and I arrived at the living room, ninth miss said that she was here to apologize and asked Madam Lan and Miss Lan if they would forgive her. I didn't expect that Miss Lan would actually make ninth miss kneel down and apologize to her. Moreover, she even said that ninth miss was a trash from the Qing Xuan continent and would always be a slut.

Although ninth miss was furious, she still said that she would give her a chance to apologize on account of you, Hall Master. However, not only did Miss Lan not apologize, she even insulted ninth miss even more excessively, saying that ninth miss was.., a B * tch with a mother but no mother!

The ninth young miss could not take it anymore and kicked Miss Lan. She then said that if Miss Lan apologized immediately, she would not pursue the matter. However, Miss Lan continued to curse and the ninth young miss kicked Miss Lan a few more times, furthermore, she did not use her spiritual power. She only kicked her a few times.

She did not expect that Madam Lan would suddenly give the ninth young miss a slap. The ninth young miss did not expect that Madam Lan would make a move and was immediately thrown out. Seeing that it was not good, this servant hurriedly tried to dissuade Madam Lan, the ninth miss then took the opportunity to run out. This is what happened. What I said is true, and I don't dare to hide anything."

Yun chujiu gave manager Luo thirty-two likes in her heart. No wonder she became the old witch's confidant. The cleverness of her words was almost as good as hers, so she had to help, therefore, this guy wiped his tears with his sleeve. "Uncle-in-law, manager Luo is right. If Lan Luoxue didn't press on step by step, would I have made a move? But I really only lightly kicked her a few times. I didn't even use my spiritual power. If any of my words are false, let the heavenly lightning strike me to death!"

Madam Lan was so angry that she gritted her teeth, she said angrily, "Senior brother, don't listen to their nonsense! Yun Chujiu said that she was going to apologize, but in reality, when she arrived at the guest house, she opened her mouth and shut her mouth to insult us. Luo Xue didn't like it, so she got angry and argued with her.

I didn't expect Yun chujiu to hit Luo Xue. At first, I only advised her and didn't intend to interfere. However, I didn't know what kind of poison yun chujiu used. Luo Xue couldn't speak or move, yun chujiu had not stopped kicking her. That was why I had forced Yun Chujiu to retreat.

I had not hit her at all. Her hair had been messed up by herself. The dirt on her body had also been rolled up by her. As for the blood at the side of her mouth, I did not know what kind of blood it was. "Senior, we have known each other for so many years. Don't you understand me? "Am I such a vicious person?"

Di Linhan was put in a difficult position. Yun chujiu had manager Luo's testimony, and Lan Luoxue on Madam Lan's side looked to be in so much pain that her entire body was trembling. He was unable to differentiate between Yun Chujiu and Madam Lan who was lying at that moment.

Madam Lan saw di Linhan in such a manner and said angrily: "Senior brother, this matter is very easy to differentiate. Find an elder who is proficient in medical skills to come over and see who is really injured between Yun chujia and Luo Xue. That will be able to prove who is lying!"

"Alright! Men! Go and invite elder Xu over!" Di Linhan said in a deep voice, he was feeling very anxious in his heart. One of the two sides must be lying. To make a fool out of me like this is really too much. If I find out who is lying, I will definitely not let her off!
