

The Yun Family's Ninth Child is an Imp! Chapter 1565

The palace Lord's wife's eyes turned red as she thought about it. Although the previous di Linhan had loved his reputation, it had not been as serious as this. Could it be that his many years of high office had caused him to forget his original intentions? Or could it be that he felt that his choice back then had been wrong?

Just as the palace Lord's wife was feeling extremely frustrated, an old man walked into the living room.

Even though di Linhan was extremely furious, but seeing the old man walk in, his expression eased up, he said respectfully: "Elder Qu, I have invited you here this time because I would like to trouble you to check if the little girl Luo Xue has been poisoned."

Elder qu frowned slightly, but still walked over to Lan Luoxue's side and started to check her pulse.

After a moment, elder Qu said unhappily: "Palace Lord, are you trying to make fun of me? This girl only has some superficial injuries, she has not been poisoned at all!"

Lan Luoxue immediately started to shout, "You, you're spouting nonsense! Uncle Hall master, he must have been bribed by His Majesty Too! I'm in so much pain, how can I not be poisoned? Could it be that the cold sweat on My Body Is Fake?"

Elder qu snorted coldly, "There's no one in this world who can bribe me. As for the cold sweat on your body, it shouldn't be difficult for a cultivator to force out cold sweat, right? Hall master, I have finished

my examination, can I leave now? How many cauldrons of elixirs have I yet to refine? I have no interest in getting involved in these tricks to frame people.”

Di Linhan’s face alternated between green and white. He still had some doubts towards elder Xu’s words, but he did not have the slightest doubt towards elder Qu... , he quickly said: “Luo Xue Lass, shut up! How could elder Qu Lie? ! Elder Qu, since you have already finished your examination, then please leave!”

At that moment, a clear and melodious voice rang out: “Elder Qu, please wait a moment! My Lord Hall Master, since elder Qu is here, then help me to have a test to see if it is because I have consumed a medicinal pill that my injuries can not be seen.”

Di Linhan saw that it was Yun chujiu who had spoken and he frowned. His heart was currently in a mess and he said a little impatiently: “Hasn’t elder Xu already confirmed that you are not injured? What is there to have a test on?”

“Lord Palace Master, haven’t you always claimed to be fair in handling matters? Since Lan Luoxue can be checked twice, why can’t I?”Yun Chujiu’s little face was as cold as ice. This stubborn old fogey really deserved to be taught a lesson! I will let you get slapped in the face in a while, let’s see if you still have the face to care about your face in the future!

“Good! Good! Elder Qu, I will have to trouble you to take a look at this little scoundrel as well! He is really infuriating me!”Di Linhan was so angry that he was twitching.

Although elder Qu had a strange temper, but it was not appropriate for him to disobey di Linhan’s orders and he began to check Yun Chujiu’s pulse.

Very quickly, elder Qu snorted coldly and said: "She is fine, not even slightly injured. What a waste of this old man's time."

Lan Luoxue was a little disappointed just a moment ago, but seeing elder Qu say this now... , she suddenly had the confidence to say: "Uncle Palace master, although Yun Chujiu did not poison me, but it is true that she hit me. There are no injuries on her body, which means that she is slandering my mother. My mother did not hit her at all."

Madam Lan said with an aggrieved look on her face, "Senior brother, as an elder, can I make a move against a junior? Fortunately, elder Xu and elder Qu are very observant and that is why they have cleared my name. Otherwise, I would not be able to explain myself with my mouth full."

Di Linhan gritted his teeth. "The truth has already been revealed. Little Jiu, what else do you have to say?"
