

The Yun Family's Ninth Child is an Imp! Chapter 1576

Although this forbidden land was no different from the ordinary places after the last incident, the stone tablet was still standing there. No one from the temple of Immortals dared to go inside.

After Yun Chujiu picked a few seven star fruits., she mumbled, "It's such a pity to waste such a large piece of land. Oh right, I happen to have the growth-promoting liquid that Gou Weiba gave me. Why Don't I plant a Hun Dun fruit tree and try it? What if it can grow without Earth Fire?"

This fellow thought out loud and ran into the forbidden land. He took out his pickaxe and dug a hole. Then, he took out the core of a Hun dun fruit and buried it in it. After he diluted the liquid, he poured it on top of it.

A moment later, a tender shoot emerged from the soil and grew with the wind. Soon, it grew taller than Yun Chujiu.

This fellow was happy. It seemed that the liquid secreted by Gou Weiba could not only accelerate the growth, but also change the environment of the spiritual plants. Gou Weiba's tail could be considered useful.

Yun chujiu poured another basin of water on the roots of the tree, and flower buds began to form on the Hun Dun Tree.

Yun Chujiu touched her chin. This speed seemed to be much faster than when she was in the Ling Hua sect. It seemed that this liquid was also upgrading along with the upgrade of Gou Weiba's tail.

Yun chujiu poured another basin of water, and the flowers began to bloom, emitting waves of strange fragrance. Yun Chujiu drooled as she waited for the flowers to bear fruit.

At this moment, a sudden change occurred. A huge suction force suddenly came from under her feet, and Yun Chujiu and the Hun Dun tree instantly disappeared!

Yun Chujiu's mind only flashed with one sentence. If she didn't do it, she wouldn't die..

When Yun Chujiu opened her eyes, she let out a bitter laugh. This was actually the place where the aura of Hun Dun was sealed when she was framed by Dian Cui the last time.

To her surprise, the roots of the fruit tree of Hun Dun started to grow thicker. More and more flower buds grew on the tree. The originally small space was almost completely covered by the branches and leaves of the fruit tree of Hun Dun. It was filled with a strange fragrance.

"What's going on with this thing?" There was no sunlight and no earth fire. The aura of Hun Dun was also completely absorbed by the black bead. How could this fruit tree of Hun Dun still grow so luxuriously? It's really strange! However, it doesn't matter whether it's strange or not. How am I going to get out?"

Yun Chujiu tried to summon the black bead in her dantian. It was because the black bead had absorbed all the Hun Dun Qi before she went out last time, so she was prepared to let the black bead try again.

Unexpectedly, the black bead seemed to be dead. Yun chujiu did not respond no matter how hard she tried. Yun chujiu was so angry that she grabbed a few flowers from the Hun Dun fruit tree and ate them!

“Damn it! It’s all because of this broken tree! It’s most likely the cause of the trouble! I’m also stupid. This hun dun fruit tree and the aura of Hun Dun sound like they are close relatives. Maybe they have some unspeakable relationship. I actually planted the Hun Dun fruit tree on it. I’m really courting death!”Yun chujiu was so regretful that her intestines were turning green.

She was regretting it here. The palace master’s wife and di beiming were so anxious that they were about to go crazy!

She was fine, but why did she disappear?

Di beiming understood Yun chujiu better. He felt that this fellow had most likely left the canteen to pick spirit fruits for future consumption. Hence, he went to the spirit fruit forest to look for Yun Chujiu.

Di Beiming followed Yun Chujiu's footprints all the way to the forbidden area. When he saw that the footprints finally disappeared in the forbidden area, di Beiming's head buzzed. Did Little Jiu fall into the forbidden area again?
