

The Yun Family's Ninth Child is an Imp! Chapter 1579

Yun chujiu came out of the well and realized that it was time for the lights to be turned on. It seemed to be an abandoned courtyard with weeds growing all around it.

Yun chujiu came out of the courtyard and walked towards the place where the lights were on. After walking for a distance, a maid walked towards her. She was wearing the same clothes as Yun Chujiu.

The maid walked towards Yun chujiu and scolded angrily, "Daybreak, you damned hoof, where did you go to Slack off again? You stink! Did you go to the Beast Pen to roll around?"

Yun Chujiu was afraid that she would be exposed, so she did not dare to say anything. She lowered her head and did not say anything. The servant girl raised her hand and probably wanted to hit Yun Chujiu, but when she saw the mud all over her body.., she could only say angrily, "Come back with me. I'll Teach You A Lesson Tomorrow!! Did you still think that you were the Miss'personal servant girl? Ptui! If the Miss was not soft-hearted, she would have killed you long ago. You Filthy Hoof!"

Yun chujiu lowered her head and allowed the maid to scold her. However, she was puzzled in her heart. Could it be that the dead maid was Qin Mingzhu's personal maid? What was going on with the seductive B * Tch?

The maid kept scolding Yun chujiu along the way. from her scolding, Yun Chujiu learned that the maid was called Lan Xiang. She lived in the same dormitory as dawn. Both of them were fire maids in the canteen, the two of them were in charge of three stoves. Usually, Dawn did a lot of work.

Unexpectedly, this afternoon, Dawn went out for a trip and did not come back. Naturally, the fire work fell on Lan Xiang. Naturally, Lan Xiang was full of resentment.

Yun chujiu could not help but feel happy. Although this Lan Xiang was really unlikable, it was all thanks to her. Otherwise, she would have been confused!

“HMPH! Why aren’t you saying anything? In the past, when you were high and Mighty, didn’t you love to talk the most? I know now. Do you feel that your voice is very unpleasant now? Damn it! You actually dared to offend the eldest miss. You’re really asking for it!” Lan Xiang said with a disdainful look.

Yun Chujiu’s heart moved. Her voice was very unpleasant? It should be because someone had poured poison into her throat. Since that was the case, she was not afraid of being exposed.

Yun chujiu followed Lan Xiang to a small courtyard. Lan Xiang took out her identity jade token and opened the door. She said arrogantly, “Quickly go over there and clean up the mud on your body. Otherwise, you are not allowed to enter the house!”

Yun chujiu looked in the direction where Lan Xiang pointed. There was a simple shed not far away. She guessed that these low-level maids would usually wash up there.

Yun chujiu nodded her head and walked towards the shed.

Lan Xiang pouted and entered the courtyard.

Yun chujiu came to the shed. The shed was simple and crude. There was a long row of stone grooves with a few holes that were plugged with something. Yun Chujiu pulled one open and there was clear water flowing out, but it was cold.

Yun chujiu pouted and opened the isolation array. She took out hot water from her storage ring, washed it briefly, and changed into a set of clean maid clothes before returning to the small courtyard.

Yun chujiu imitated Lan Xiang and used her identity jade token to open the courtyard door and enter the courtyard. The small courtyard was very small, and she arrived at the door of the house in just a few steps. Yun chujiu gently opened the door and walked in.

Lan Xiang glanced at her and scolded, “B * Tch, where exactly did you go today? Why did you come back with a body full of smelly mud? Did you go to meet a wild man?”

Yun Chujiu said in a rough voice, “No, no.”

“No? Then where did you go? Do you still think you are the beautiful maid? Let me tell you, you are now a piece of trash that no one wants! You better behave, or I will not forgive you!” Lan Xiang stretched out her leg and was about to kick Yun chujiu.
