

The Yun Family's Ninth Child is an Imp! Chapter 1581

Yun chujiu skillfully lit the fire and began to take care of the three stoves.

Lan Xiang stood at the side and slacked off. She curled her lips. "HMPH! Just now, I said that Qiao didn't know how to light a fire. Isn't this burning pretty well? It seems that you are born with a cheap life. Even if you climb up the branch occasionally, you will be beaten back to your original state."

Two flames flickered in Yun Chujiu's eyes. Some people just had to suppress people like her to gain vanity and satisfaction. They were really looking for a beating!

Lan Xiang cursed a few times. Seeing that Yun Chujiu didn't have any reaction, she probably felt a little bored, so she went to a few maids who were picking vegetables to chat.

The maids were naturally very happy to see that someone was helping them with the work, so they started chatting while picking vegetables.

Although Yun Chujiu wanted to test the sound transmission talisman, there were too many people around, so she didn't dare to. She could only listen to the maids chatting.

"The day after tomorrow is the engagement day between our eldest miss and son-in-law. These two days will definitely be very busy."

“Yes, there are guests coming to our door one after another now. Fortunately, the ordinary guests and the guards who came with us are provided by the big canteen of the sect. We are only responsible for the food of the distinguished guests. Otherwise, we wouldn’t be able to handle it even if we were busy.”

“The cooking skills of the big canteen are not as good as the cooking skills of our small canteen. Naturally, we are responsible for the food of the distinguished guests.”

“I heard that the sect leader has sent invitations to your excellency and the Young Master of Wuji. Do you think they can come? I have only seen their portraits and have never seen them in person!”

A maid lowered her voice and said, “I heard that the reason why the eldest miss is engaged to the son-in-law, the Yun Chujiu whom your excellency likes, and the Young Master of Wuji are inextricably linked is that they will definitely not come.”

“I also heard that the young miss has always liked her husband. I didn’t expect Yun Chujiu to come out of nowhere and trick our young miss. I guess this isn’t over yet!”

“TSK TSK, that’s for sure! Look at what happened to daybreak and you’ll know what the young miss is capable of! That Yun Chujiu will suffer sooner or later!”

..

The maids became more and more excited as they chatted. Their voices couldn't help but become louder. The short and Fat Man rushed over and gave each of them a slap on the face. "Damn it! If anyone dares to gossip again, I'll make you suffer the same fate as Daybreak!"

The maids covered their cheeks and did not dare to make a sound. They began to pick the vegetables obediently. Lan Xiang also ran back dejectedly to look after a stove.

After a full two hours of work, breakfast was finally ready. There were servants who came over to help the master and the guests with their breakfast.

Yun chujiu was quietly collecting useful information when she felt someone staring at her. Yun chujiu turned around and saw a young man staring at her suspiciously. The Man's eyes were blue. He was obviously a lecher.

When the man saw that Yun Chujiu was looking at him, his eyes revealed a trace of suspicion and viciousness. Then, he said to the short and fat man, "Manager Liu, send the two of them to follow me. After the guests finish their meal, ask them to bring back the cutlery."

Manager Liu smiled and said, "Senior brother Chu Hu, of course you can talk! The two of you follow senior brother Chu Hu and serve him carefully. If senior brother Chu Hu is not satisfied, I will skin you alive!"

The two people Chu Hu pointed at were Yun chujiu and Lan Xiang. Lan Xiang could not hide the excitement on her face. Yun chujiu could not help but laugh to herself. It was just a meal delivery. It was like a pie falling from the sky. How naive!
