

The Yun Family's Ninth Child is an Imp! Chapter 1592

Right at this moment, several hundred black-clothed men arrived, all dressed in the uniform of the people of the Netherworld Hall, the person in the lead cupped his hands towards Qin Yixiao and Yin Qinghua. "Sect Master Qin, Patriarch Yin, it looks like we are about to succeed! As long as we capture these people, we will be able to defeat these forces one by one."

"Dharma Protector Zhao, this is all thanks to the Netherworld Elixir that you provided. That old fool Bai Li Qingtian has always considered himself to be the medicine king, who would have thought that he would fall into the trap so easily. It really makes people laugh!" Yin Qingbo said smugly.

Bai Li Qingtian's face was flushed red. Although after the previous attack on the temple of Immortals, Di Linhan had given him some Netherworld Elixir for research, but after such a long time, he still had not been able to find a way to break it.

"I estimate that in another fifteen minutes, the spiritual power of these people will dissipate completely. After capturing them alive, we will imprison their spiritual power and feed them the devouring Spirit Elixir. Our people will watch over them." A trace of cunning flashed in Dharma Protector Zhao's eyes, it was obvious that he was on guard against what Qin Yixiao and Yin Qinghua were up to.

Although Qin Yixiao and Yin Qinghua were a little displeased, they could only agree. After all, they were in the stage of cooperation and it would not be good for them to shed all pretense of cordiality.

"Have you controlled the people they brought? I'll leave those people to you to guard," Dharma Protector Zhao continued.

“Don’t worry, none of them can escape! Dharma Protector Zhao, these people are now like fish in a barrel. Can We withdraw the sound-blocking array now? This way, we can communicate with the outside world,”Yin Qinghua asked.

Dharma protector Zhao nodded, “We’ll withdraw after we capture them all. Sect Leader Qin, will there be any problems with the disciples and servants of Your Gui Yuan sect?”

Qin Yixiao said with a conceited smile, “Dharma Protector Zhao, don’t worry. Even if they were given a hundred guts, they wouldn’t dare to betray our Gui Yuan sect.”

..

No one noticed that there was a person lying on the roof not far from the square. That person was wearing a veil and his eyes were rolling around. It was Yun chujiu who had just crawled out of the dry well.

Yun chujiu should have come over a long time ago but this fellow had overslept, so she was an hour later than she had planned.

After exiting the dry well, she did not use her concealment talisman and just swaggered towards the plaza. Because this fellow was very certain in his heart that Chu Hu must be extremely busy and would

not be able to catch her. Moreover, even if they were to fall out, there was still di Linhan... , she was not afraid.

But after walking for a while, she realized that something was not right. She had not met a single servant on the way. Logically speaking, even if she was very busy, she should not have been unable to meet anyone. Could it be that there was something unusual?

Thinking of this, Yun chujiu immediately activated the concealment talisman and took off the spirit concealment ring on her hand. She then carefully walked towards the plaza.

From Afar, she could see a large group of people, and there were also sounds of shouting and cursing. Yun chujiu rolled her eyes and circled to the back of a house. After jumping on the roof, she carefully peeked.

Although she was a little far away and could not hear what they were talking about, Yun Chujiu quickly figured out what had happened. Then, she thought of the sound transmission talisman's failure and the courtyard that Chu Hu had once entered, she guessed it right in her heart.

She did not expect that Gui Yuan sect and yin family would actually collude with the nether world palace. They were really stupid! The Nether World Palace was only using them. Once they had a foothold, they would definitely kill both of their families. It was like asking a tiger for its skin.

However, how could they resolve the current predicament?
