

The Yun Family's Ninth Child is an Imp! Chapter 1593

Yun Chujiu racked her brains to think of a way to break the formation. Should she rush down to save them? Stop talking nonsense! If she went down, she would be walking into a trap. Moreover, those people who were trapped seemed to have used up all their spiritual power. Even if they really opened the formation, they would still be a burden. She had to think long-term.

Yun chujiu rolled her eyes and decided that she had to hide under the identity of daybreak. As for that bastard Chu Hu, she would just have to deal with him when the time came. Moreover, he might not have the time to find trouble with her now.

Thinking of this, Yun Chujiu quietly climbed down from the roof and sneaked near the canteen. She listened for a while and heard voices inside the canteen. She walked in submissively.

Lan Xiang was the first to see Yun Chujiu. She immediately rushed over and cursed, "You B * Stard! Yesterday, Senior Brother Chu Hu was looking for you everywhere. Where did you go? You really know how to be lazy. You came back after we finished our work!"

Yun chujiu lowered her head and said hesitantly, "I, I was afraid of senior brother Chu Hu, so I hid."

Lan Xiang pursed her lips. She believed what Yun Chujiu said because she did not cherish such a good opportunity last time. This ugly monster must have a problem with his brain.

Manager Liu also scolded Yun Chujiu fiercely and then shouted, "Hurry up and work! The higher-ups have ordered to hold a celebration banquet. Hurry Up!"

Yun Chujiu apologized and then started to build a fire.

Where there were people, there would be gossip. The canteen was quiet for a while, and when manager Liu went out, they all started to talk again.

"What's going on? What celebration banquet? Isn't today a good day for the engagement of the eldest miss?"

"Yeah, and they don't let us walk around. It's really strange."

"Who knows what's going on? In any case, let's just do our jobs honestly."

..

While everyone was discussing, manager Liu came in from outside, and Chu Hu followed him in.

Chu Hu immediately saw Yun chujia beside the stove, and he stared at her with a malicious gaze, then, he said to the people in the cafeteria, "From today onwards, Gui Yuan sect will activate the sect protection formation. Without the sect leader's token, Gui Yuan sect is not allowed to enter or leave. "All of you are not allowed to go anywhere else except the cafeteria and the dormitory. Otherwise, you will be killed without mercy. Do you understand?"

Although everyone was puzzled, they all nodded in agreement. Chu Hu looked at Yun Chujia a few more times, snorted coldly, and walked out.

Manager Liu accompanied him with a smile as he walked out. Everyone immediately exploded!

"What's going on? Why is the sect protection formation activated all of a sudden? Could it be that a strong enemy is attacking?"

"That's not right. If there's a strong enemy attacking, then we shouldn't have held a celebratory feast."

"That's true. Then what's going on?"

"We'll know when they come to collect their meal. Let's Get to work first!"

..

Yun Chujiu's eyes flashed. Chu Hu did not cause her any trouble just now. It seemed that she was right to block him. He must have a lot of things to do and would not be able to take care of her for the time being.

However, the sect protection formation was already activated. It would be very difficult for her to go out and report the news. It seemed that she could only save him.

Just as Yun Chujiu was thinking about it, the voice transmission talisman in her storage ring started to vibrate. Yun Chujiu's heart was filled with joy. It seemed that the voice transmission talisman could be used. This was great. This way, she could send a message to the pretty boy and the black chicken head!

Although Yun Chujiu wanted to use the voice transmission talisman to send messages right away, she was afraid that others would find out. She could only endure it and wait for an opportunity to find out who sent the voice transmission talisman at night before sending the message.
