

## The Yun Family's Ninth Child is an Imp! Chapter 1595

Another two days had passed. Yun Chujiu had already figured out the place where di Linhan and the rest were imprisoned and the secret guards were. However, she did not know where the eye of the array was.

Yun chujiu gritted her teeth. It seemed that the breakthrough was on Chu Hu. He was Qin Yixiao's personal disciple and he definitely knew where the eye of the array was. She had to think of a way to control him.

That evening, when she got off work, Yun Chujiu found a catalyst and went to the courtyard where Chu Hu had held her hostage. Although she was not sure if Chu Hu lived here, she might be able to gain something.

Yun chujiu walked a few rounds outside the courtyard, but she did not see Chu Hu. Yun chujiu rolled her eyes, threw one of her veils on the ground, and returned to the dormitory.

When Lan Xiang saw that Yun Chujiu had returned, she naturally spoke coldly. As usual, Yun chujiu treated her like a dog barking. Her expression did not change, but in her heart, she was planning her next step.

Unexpectedly, an hour later, someone directly broke into the house. It was Chu Hu!

Chu Hu had a cold smile on the corner of his mouth. He went forward and grabbed Yun Chujiu's arm. "Dawn, I didn't expect you to play the game of playing hard to get with me. Come with me!"

Yun chujiu pretended to struggle a few times and was dragged away by Chu Hu. Lan Xiang spat at the ground. "Pretentious, B \* Tch!"

Chu Hu dragged Yun chujiu directly to the courtyard. After entering, he threw Yun chujiu on the bed, then, he took out a veil from his storage ring. "I found this at the entrance of the courtyard. What are you doing outside my courtyard?"

Yun chujiu lowered her head slightly and said shyly, "I, I have thought it through. You are much better than that Yin Xuecheng. I, I would rather follow you."

Chu Hu was stunned at first, then, he laughed wildly. "Daybreak, ah, daybreak, I didn't expect you to finally give in! Back then, I tried so hard to please you, but you didn't even care. Yet, you were moved by a di beiming that you had never met before. TSK TSK, you know your junior sister's character, but you actually dared to like di beiming. You are really courting death!

Now that your face has been disfigured and your throat has been damaged, how about you think of me? B \* Tch, let me tell you, you are just a plaything of mine. be good and obedient. I Won't mistreat you. If you play tricks on me, I will kill you!"

“Yes, I, I will definitely serve you well.” F \* CK, I will serve you to hell!

Chu Hu was very proud. “You are tactful! To tell you the truth, I am going to soar to great heights very soon. Maybe I can help you recover your appearance. All of this depends on your performance.”

“Senior brother Chu Hu, then, then, I, let’s Rest!”

Chu Hu grinned hideously as he took off his clothes. When he was halfway through taking off his clothes, he suddenly staggered. Then, several small purple needles shot at him. Following the sound of explosions, Chu Hu cried out in pain.

This Chu Hu could be considered to have tied himself in a cocoon. He was afraid that Yun Chujiu’s cry would attract other people, so he activated the isolation array, which happened to help Yun Chujiu.

Yun chujiu wanted to ask the location of the array core, but the location of the small purple needle was not a vital point. Therefore, even though Chu Hu’s body was covered in blood from the explosion, it was not to the extent of losing his life.

Yun chujiu restrained Chu Hu’s spiritual power and tied him up with a rope, yun chujiu held the large kitchen knife and sneered, “You want to take advantage of me? You’re really courting death! Tell me, where is the array core of your sect’s sect protection array?”
