

The Yun Family's Ninth Child is an Imp! Chapter 1596

"You, you are not daybreak?" Chu Hu heard Yun Chujiu's voice was no longer dark. He thought of some things and finally realized that the person in front of him was a fake.

"Of course I am not daybreak. You have already killed daybreak. I am her vengeful spirit, and I am here to seek revenge!" Yun Chujiu said sinisterly.

Chu Hu sneered. "You don't have to play tricks. Let me go quickly, or else you won't be able to recover!"

"Is there something wrong with your head? If I let you go, why would I arrest you? Cut the crap. Where's the formation's Eye?" Yun chujiu took the large kitchen knife and cut Chu Hu's arm.

Chu Hu was in so much pain that he cried like a ghost and howled like a wolf. However, he did not spit.

Yun chujiu was so angry that she cut him a few more times. Chu Hu fainted from the pain, but he didn't spit. He knew that once he said it, he would be of no use anymore, and Yun Chujiu would kill him.

Yun Chujiu was secretly resentful. Damn it, she wasn't a spirit paragon yet, so there was no way to search his soul. How could she make him spit?

Yun chujiu rolled her eyes. Got It. She didn't know the soul-searching technique, but she knew hypnosis. Although the effect wasn't as good as the soul-searching technique, it shouldn't be a problem to let Xiao Hong help.

Yun Chujiu brought Xiao Hong out and then splashed cold water on Chu Hu to wake him up. Chu Hu was already seriously injured, and with the seductive voice of Xiao Hong, Yun Chujiu tried a few times and finally succeeded in hypnotizing him.

"Where is the array eye of the Gui Yuan Sect's sect protection array?"

"It's in the secret room of junior sister's bedroom."

Yun chujiu couldn't help but be stunned. F * ck! What a pervert! He had actually set the formation's eye in Qin Mingzhu's bedroom, but this was indeed unexpected.

"How many people are guarding the place where di Linhan and the others are being held?"

"About 400 people, all of them are from the Nether World Palace."

“How many people are guarding the place where those secret guards are being held?”

“About 200 people, guarded by our Gui Yuan sect.”

..

Yun Chujiu had asked enough questions, so she directly killed Chu Hu. She picked up Chu Hu’s identity jade token and storage ring, and then asked the little black bird to destroy the evidence.

Yun chujiu pondered for a moment. Apparently, she should be more relaxed about the guards of the secret guards. She would first think of a way to save them, and then make further plans. Otherwise, she would not be able to do it alone, no matter how talented she was!

Xiao Heiniaoyao could not help but curse in its heart. At this time, its narcissistic master still did not forget to praise itself. There was really no one else!

Yun chujiu came out of the courtyard, activated the concealment talisman, and walked towards the courtyard where the dark guards were imprisoned.

Yun chujiu did not walk far before she met a group of patrolling disciples. Although Yun Chujiu hid very quickly, she was still discovered by others. Obviously, among these people, there were disciples with the cultivation of spiritual venerable.

“Who are you? Come out quickly! Or Else Don’t blame us for being rude!”Someone shouted angrily.

Yun chujiu thought for a moment and stood out from behind the bushes. She said submissively, “Yes, it’s me.”

Some disciples recognized Yun Chujiu. “This is daybreak from the canteen. It turned out to be the Miss’personal maid. Later, she was disfigured and sent to the canteen.”

The leader of the disciples frowned. “It’s late at night. Why are you here instead of staying in the dormitory?”

Yun chujiu lowered her head and said, “I, I, it’s senior brother Chu Hu who wants to see me. I, I have no choice.”

Some of the disciples sneered, they said to the leader of the disciples, “Senior brother Zhu, you may not know this, but senior brother Chu Hu’s taste is very unique. Recently, he has been very interested in this daybreak. A few days ago, he was looking for her everywhere!” “This must have just become a good thing, Hehe.”

The leading disciple curled his lips in disdain. "Senior brother Chu Hu is really romantic. He is still thinking about this matter at this time! Hurry back to the dormitory. This time, I will give senior brother Chu Hu face. Next time, I will not let you off!"

"Yes, yes, thank you!" Yun chujia thanked him and staggered away.
