

The Yun Family's Ninth Child is an Imp!

Chapter 16: Am I Such a Bad Person?

Yun Chujiu's heart trembled violently. 'Part of the Yun family?'

Even though she always had a smile on her face, deep down inside, she was a cold-hearted person. Yun Qi, her best friend in her past life, often said that she was a person who could stab someone else with a smile.

However, everything Yun Xiaotian said and did had undoubtedly tugged at the most vulnerable part of her heart.

'Part of the Yun family? Alright, then! From now onwards, I, Yun Chujiu, have a family too!'

1

The little boy pouted and said as he sobbed, "I don't have such a bad elder sister!"

After he finished speaking, he glared fiercely at Yun Chujiu. He then ran into the distance.

Yun Chujiu rubbed her chin awkwardly. "Grandpa, what Tenth said isn't wrong. I've done many bad things in the past indeed. But from now on, I'll make sure that everyone changes their views about me!"

"Well, Grandpa... Um... I'll go and bond with Tenth. See you later!" Yun Chujiu said before she quickly ran away with her short legs.

Fleeing was a no brainer because her newfound grandfather would have definitely questioned why she was eavesdropping and punished her!

Yun Xiaotian opened and closed his mouth. He was about to say something, but Yun Chujiu had already run as fast as a rabbit and disappeared into the distance.

Yun Chujiu ran for a short while and noticed that the little boy was kicking a tree while wiping away his tears.

"Hey, brat. The person you want to kick is here! Come on, why don't you kick me?" Yun Chujiu flashed a malicious smile, and she looked like the big bad wolf in Red Riding Hood.

The little boy turned and shot Yun Chujiu a fierce look. "Yun Chujiu! Hmph! Of course, I know what evil plot you're cooking up! You want me to kick you so that you can complain to Grandpa! I won't let you have your way!"

After the little boy finished speaking, he sped off like a bullet train.

Yun Chujiu touched her nose. 'Am I such a bad person?

'Why would I need to complain to my newfound grandpa? I merely want to seize this good opportunity to teach you a lesson or two! Hah!'

After Yun Chujiu walked for a while, Yun Chuwu stood in her way.

Yun Chuwu grabbed her by the hand and dragged her to her room like she was nothing but a feather.

Yun Chujiu felt exasperated. Yun Chuwu was only three years older than her. Why was Yun Chuwu so curvaceous, while she looked like a black hemp stem?

3

"Have you returned the Soul-Gathering Pill to Grandpa?" Yun Chuwu asked fiercely the moment she entered her room.

Yun Chujiu nodded furiously, so much so that she looked like a chicken eating grain from the ground. "Fifth Sister, I know that I've done something wrong. Please go ahead and slap me across the face! You can even kick me too! I was blind and dumb in the past, and even though you cared so much about me, I treated it as if it was nothing. I'm the dog that bit the hand that fed me. I'm the snake who bit the farmer. I'm the evil woman who extorts others!"

3

Yun Chuwu furrowed her eyebrows. What in the world was going on? Could it be that their grandfather scolded Young Jiu so badly that she went mad?

"Fifth Sister, I promise to change. I'll be your lackey from now on! If you tell me to walk east, I won't go west. If you tell me to hit a dog, I won't turn around and drive out the chickens instead! Fifth Sister, are you tired? Let me massage your shoulders."

2

Yun Chujiu sat the dumbfounded Yun Chuwu down in a bamboo chair in the courtyard and started to massage her shoulders pretty skillfully. She actually looked like an expert right then.

Yun Chuwu finally regained her senses and scowled, asking skeptically, “Yun Chujiu, tell me, are you up to no good again? Is it possible that bastard Bai Moyu talked you into doing some horrible thing again?”

“Fifth Sister, don’t mention that Scumbag Bai again! From now on, he’s my enemy! I’ll slaughter him like a pig one day! If it weren’t for him, I wouldn’t have neglected you even after you’ve been so kind to me! I wouldn’t have become the bad seed in the Yun family! Fifth Sister, you must believe in what I say. I’m really changing for the better!” Yun Chujiu stated her resolution with a solemn expression.

Yun Chuwu was still doubting her words. After all, Yun Chujiu had done too many bad things, and this could just be one of Bai Moyu’s sick jokes.

“Fifth Sister, are you hungry? Why don’t we have dinner together?” Yun Chujiu asked with a playful smile on her face.

Yun Chuwu really had no idea what Yun Chujiu was trying to do. She had no choice but to order her servants to retrieve dinner from the main kitchen.

Fifteen minutes later, dinner was laid out on the table.

When Yun Chujiu saw the delectable food on the table, she immediately looked like a greedy wolf, and it gave Yun Chuwu a scare.
