

The Yun Family's Ninth Child is an Imp! Chapter 1605

Yun chujia sighed. "Originally, your life and death have nothing to do with me. However, I have always been a soft-hearted person. I can not just stand by and watch as you are deceived by Qin Mingzhu! I will only ask you one thing. Do you think that in the future, you will be on equal footing with the people of the Netherworld Palace?"

Let's not talk about the distance. Let's talk about the people in front of you. Their food is much higher than yours. Now, it is you who are charging into the battle. The people of the Netherworld Palace are sitting back and enjoying the fruits of their labor. No matter how foolish you are., you should understand how high and low your status is, right?

Right now, all of you are still useful to me. If I were to treat all of you like this, it can be imagined that in the future, once all of the powers like the Temple of Immortals are eliminated, your fate will either be lower than others or you will be killed to keep your mouths shut!

If you don't want to be good people, do you really have to be the servants of the Netherworld Palace? Moreover, do you think that the money and power that you have obtained will be enjoyed by your family and friends in peace? Do you still have the face to meet your ancestors in the future?

Most importantly, do you think that you can succeed? Admittedly, we are trapped by you now, but are you confident that you can kill us before the reinforcements arrive? These mighty figures only did not use their full strength because they thought that they were all compatriots. Otherwise, just the poison of old man Bai Li alone could kill you!

Elders of the Gui Yuan sect and the Yin family, do you really believe in the actions of Qin Yixiao and Yin Qinghua? Now is the time for you to step forward. As long as you capture them, the Gui Yuan sect and

the Yin family will return to the right path. Otherwise, the tens of thousands of years of foundation of the Gui Yuan sect and the Yin family will be destroyed in an instant!

“All of you, immediately abandon the dark and join the light. I, Yun Chujiu, swear on my life that I will let bygones be bygones! “I will give all of you fifteen minutes to consider. Once the time limit is up, even if all of you want to abandon the darkness and join the light, we will not accept it!”

When Yun Chujiu said this, Qin Mingzhu wanted to interrupt her several times. However, Yun Chujiu’s speed of speech was really too fast. Moreover, her voice was very clear, and everyone present could hear it clearly.

Those mighty figures were all shocked to the point that they were dumbfounded. Damn, this little girl actually didn’t even pause after saying so much. What kind of brain did she have?

Bai Li Qingtian’s face turned red. Although he was the medicine king, Poison had a limited effect on cultivators. Unless it was taken by surprise or eaten directly, the moment the defensive barrier was opened., the poison basically had no effect.

The reason why everyone was affected this time was firstly because the netherworld dispersion was colorless and tasteless. There was no way to distinguish it. Secondly, no one had expected that the Gui Yuan sect and Yin clan had colluded with the Netherworld Palace. They were all caught off guard and fell into the trap.

After the people from Gui Yuan sect and Yin clan heard Yun Chujiu's words, many people immediately hesitated, especially some elders. Their positions in Gui Yuan sect and Yin clan were not low to begin with, they were not willing to take such a risk and become enemies with the entire Tian Yuan continent. Moreover, if they betrayed them now, they could use this opportunity to get rid of Qin Yixiao and Yin Qinghua. Perhaps, they would be able to rise to the top. This was truly a good opportunity.

Yun chujiu blinked her eyes, she decided to put in more effort. "To tell you the truth, His Excellency and Young Master Wuji will be arriving with reinforcements soon. Do you think you still have a chance of winning? "Are you going to be prisoners or are you going to be upright? "Good and evil can be done in a moment. It's still not too late to rein in our horses. As long as we combine our forces, it will be easy for us to deal with the people of the Netherworld Palace! What are you waiting for? Come on, we'll kill them both inside and out!"
