

The Yun Family's Ninth Child is an Imp! Chapter 1606

An elder of the Gui Yuan sect made up his mind, he shouted loudly, "Yun Chujiu is right! We are all people from the Tian Yuan continent, why should we collude with the people from the Nether World Palace? We can not continue to make mistakes. If we kill them, we will still be upright people! Otherwise, we will never be able to hold our heads up high again!"

An elder from the side branch of the Yin family also echoed and shouted, "That's right, we can not help the evil and kill the people from the Netherworld Palace!"

The reason why these two people stood out was naturally because they had their own selfish motives. They had long coveted the position of the sect leader (family head) . After listening to Yun Chujiu's words just now, they were moved. As long as they killed Qin Yixiao and Yin Qinghua, they would be able to rise to the position, they would be able to take over the position.

When the two elders said this, some of the people who were originally unwilling to collude with the hall of the Netherworld immediately started to make a ruckus. Everyone had the mentality of following the crowd. Immediately, many people who were somewhat uncertain also decided to turn against them!

Qin Yixiao and Yin Qinghua were so angry that they gritted their teeth and shouted loudly, "Don't be stupid. As long as we capture these hostages, di beiming and Xue Wuji will not be able to break in. Don't forget, we still have the sect protecting formation!"

At this moment, the crowd was so excited that they did not listen to them. Moreover, Di Linhan and the others saw the right opportunity and rushed out of the courtyard, heading straight for Qin Yixiao and Yin Qinghua.

Both sides were engaged in a chaotic battle. However, the situation had been completely reversed. Although Qin Yixiao and Yin Qinghua still had some direct descendants, Yun Chujiu's side had completely gained the upper hand.

At this moment, dharma protector Zhao shouted, "Blood sacrifice!"

The hundreds of people from the nether world hall bit their index fingers almost at the same time. Although some of their chanting was interrupted, most of them still finished chanting. As their chanting ended, they began to use the power of the nether world to attack.

The situation instantly reversed again. The spiritual power attacks of the cultivators from the Tianyuan continent were completely unable to resist the power of the nether world. However, once they were attacked by the power of the nether world, the cold air penetrated into their bones and their combat strength was greatly reduced.

"Don't use your spiritual power to attack them, just use your spiritual weapon to attack!" Yun chujiu shouted loudly.

Only then did everyone react and took out their spiritual weapons to attack. Although the power of the spiritual weapon attack was not as powerful as the materialization of spiritual power, but fortunately, there were many people on the Tian Yuan continent's side and they were able to block the counterattack of the Netherworld Palace.

The two sides were in a stalemate for a moment. However, on the whole, the Tian Yuan continent's side still had the advantage. Moreover, Yun Chujiu had already asked di Linhan to bring people to destroy the array core. After the array core was destroyed, once di Beiming and Xue Wuji's reinforcements arrived..., even if the people from the Netherworld Palace had the power of the Netherworld, they would definitely be defeated.

"Father, it's already at this moment. You shouldn't hide anymore. Let that thing out! These people deserve to die!" Qin Mingzhu's expression was ferocious, the plan that was supposed to be foolproof had been ruined by that B * Tch Yun Chujiu. She really deserved to die!

Qin Yixiao hesitated for a moment before gritting his teeth. Under the cover of the direct descendants, he started to form seals and a ferocious beast head appeared in midair.

Xue Li immediately cried out in surprise, "Qin Yixiao, have you gone mad?!"

The few elders of the Gui Yuan sect also turned pale with fright, "Qin Yixiao, are you trying to destroy the Gui Yuan sect?"

Qin Yixiao's eyes were red, he laughed ferociously, "You guys forced me to do this. It's fine if I don't want the Gui Yuan sect. As long as I kill all of you, I can completely establish another super sect! All of you, listen up. Those who want to live, surrender immediately. Otherwise, none of you will survive!"
