

The Yun Family's Ninth Child is an Imp! Chapter 1614

Over the past two months, Xue Wuji had often thought of that woman and that seductive night. The more he could not find her, the more he wanted to find her.

DAMN WOMAN! When I find you, I will definitely teach you a good lesson! ! You slept with me and did not admit to it after putting on your clothes. How could such a good thing happen? !

This time, Xue Wuji came to idle city with a trace of luck in his heart. Perhaps that damn woman would see him and come to find him.

The facts proved that Xue Wuji was overthinking things. He lingered in idle city for a few days, but there was no news of that woman. Xue Li kept urging him to return to the blood demon sect, so he could only leave idle city with a disappointed expression.

Before Xue Wuji left, he went to say goodbye to Yun Chujiu. Yun chujiu could see that he had something on his mind, so she asked a few more questions. Xue Wuji gave her an excuse.

Xue Wuji thought to himself, "I was actually raped by a woman, and I even put on my clothes and ran away. I can't even say such a shameful thing even if I'm beaten to death. Let's talk about it after I find that Damn Woman!"!

Seeing that Xue Wuji wasn't willing to say anything, Yun chujiu couldn't ask any more questions. She waved her little handkerchief and sent Xue Wuji away.

Deputy Dean Yin and Yin Sulian didn't go to Gui Yuan sect that day. They claimed that they knew nothing about the Yin family colluding with the Netherworld Hall, and they didn't have any real evidence, so they weren't punished.

Deputy Dean Yin was still the deputy dean of Tianyuan Academy, and Yin Sulian still came to school as scheduled.

However, Yin Sulian had lost the halo of the Yin family's second young miss, so those lackeys would naturally stop supporting her. It would be good enough if they did not take the opportunity to step on her.

Yin Sulian seemed to have changed into a completely different person. She spent all her time cultivating except for class. When she met Yun chujiu, she also lowered her head to avoid her, but her lowered eyes seemed to have been poisoned. Yun chujiu.., you caused me to lose everything. Sooner or later, I will kill you for revenge!

"Master, why didn't you kill that Little B * Tch, Yin Sulian, and that old B * Stard, Deputy Dean Yin?"Xiao Heiniaio asked in puzzlement. He did not believe that his black-hearted master would believe their nonsense.

“Of course, it’s to bait the big fish with a long line. The people of the Netherworld Palace will not let this go. If they want to find an insider again, that old B * stard, Yin haoyu, is the best target. Yin Sulian is a brainless person. When the time comes, we can find a breakthrough from her.

“As long as we let people keep an eye on them, we will be able to learn about the nether world palace’s conspiracy. Moreover, we might even be able to use them to pass on some fake news. Just thinking about it is very wonderful!”Yun Chujiu said with a smile.

At this moment, the little black bird agreed with what Qiong Qi said. This black-hearted master was really full of evil tricks!

Yun chujiu told Dean Huangfu about her intention. Dean Huangfu immediately arranged for people to keep an eye on Deputy Dean Yin and Yin Sulian. Once there was any movement, they would report it to him.

Yun Chujiu was most troubled by the fact that her spiritual power level had been stuck at the eighth level of the spirit Saint Realm and she was still unable to break through to the spiritual venerable realm.

If she reached the spiritual venerable realm, she could at least go back to the Qing Xuan continent and show off. Ah, no, she could at least go back and visit her relatives and friends!

Moreover, only when she reached the spiritual venerable realm could she learn more skills from the old man. However, why didn’t this damn heavenly lightning strike her?

Yun chujia thought for a long time and finally came up with a bad idea.

This fellow came to her courtyard and after opening the isolation array, he took out the ancient green jade bottle containing Tao Wu and Qiong Qi, holding one in each hand, he raised his head and shouted towards the sky, "Tian Dao, old bastard, look at what I'm holding in my hand."
