

The Yun Family's Ninth Child is an Imp! Chapter 1623

Yun chujiu blinked her eyes, "Uncle-master, do you have any way to change a person's appearance, the kind that people can't recognize?"

"Change one's appearance? That's not impossible. I refined a kind of disguise pill. After consuming it, a person's appearance will change. Why are you asking this?" The Heavenly Lake Elder asked in confusion.

Di beiming glared at Yun chujiu fiercely. "Little Jiu! You better get rid of that idea as soon as possible!"

Yun chujiu ignored di beiming. She knew that he was just a paper tiger, she smiled at the Heaven Lake old man and said, "Uncle-master, my Prince Charming and I have come up with a way to deal with the Netherworld Hall... Since we have the disguise pill, it's much easier. I can think of a way to sneak into the Netherworld Hall and then help my foster mother control the Netherworld Hall. This way, I can kill many birds with one stone. It's simply too good!"

"Master, don't listen to her nonsense!" Even if she could change her appearance, her spiritual power was so special that she would be exposed if she was not careful. wasn't that the same as a sheep entering the tiger's mouth? If I have to go, I will go! At least I can still protect myself." Di beiming glared at Yun Chujiu and said.

"You will be exposed if you go with that paralyzed face. How are you as smart as me?!" Yun chujiu regretted immediately after she said that. It was over. She had said it without saying anything!

Di beiming's body was filled with cold air. If it wasn't for the presence of the old man from the Heaven Lake, he would have definitely dealt with Yun chujiu. Yun chujiu laughed dryly, "Uncle-master, please judge. Am I right?"

The old man from the Heaven Lake thought for a moment, "What little jiu said is not without reason. If she goes, it will be easier for her to gain the trust of the SAINTESS. Moreover, she has many wicked ideas and is more suitable to do this kind of thing. Beiming, even if you change your appearance, your temperament will be too easy for others to find clues."

"Master, but Little Jiu has a heavenly thunder spirit root. Isn't it easier to be discovered?" Di beiming was anxious. He didn't expect the old man to agree with Yun Chujiu's bad idea.

"The Heavenly Thunder spirit root is actually a mutated fire spirit root. I can teach little jiu a cultivation technique and let her disguise as a fire spirit root." The old man said indifferently.

"Uncle-master! You are really a good uncle-master of Tianyuan! You Don't know that just because of this thunder spirit root, I don't dare to do bad things. I'm afraid of being exposed. It's good that I've learned your cultivation technique. I don't have to worry about being caught anymore, hahaha!"

The old man of the Heavenly Lake..

Di beiming..

Although the old man of the Heavenly Lake really wanted to take back what he said just now, he had already said it, so he could only pass the mantra to Yun Chujiu.

Yun chujiu blinked her eyes and said, "Prince Charming, you can learn it with me. Your ice spirit root is suitable for water spirit and mutated spirit root. This way, we can do bad things together. It feels good just thinking about it! Haha!"

Di beiming sighed and had no choice but to learn it with her. Both of them were extremely talented geniuses and had learned the cultivation technique in less than half a day.

The old man from the Heaven Lake nodded secretly. This little ninth girl was indeed talented and intelligent. No wonder even the Tian Dao could not kill her. In time, she would definitely ascend to a higher level of the continent.

After Yun Chujiu learned the method to change her spirit root, she said fawningly, "Uncle-master, you can give me that transfiguration pill too."

The old man from the Heaven Lake took out a small porcelain bottle. "The materials for the Transfiguration Pill are very difficult to gather. I only refined two batches of it. One pill only has the medicinal effect of ten days. After ten days, your appearance will return to normal. So Don't forget to swallow another pill after the medicinal effect is over."
