

The Yun Family's Ninth Child is an Imp! Chapter 1628

Yun Chujiu walked into the Light Breeze Inn and spoke in the code that they had agreed on beforehand. After that, the chubby manager Yuan brought Yun Chujiu to a superior room.

Yun chujiu looked at manager Yuan's figure and could not help but be secretly happy. This manager Yuan's surname and his figure really matched each other. They were both round and round.

"Your subordinate greets the ninth miss!" Shopkeeper Yuan knelt down and saluted.

"Get Up!!" "I want to participate in the selection of the successor of the Sheng NV. You must immediately help me get an identity. The background must be ordinary, and it would be best if it's an orphan girl who doesn't have any relatives." "Oh Right, my name is Lin Chuchu now. From now on, you can call me Miss Lin or Miss Chuchu."

"Yes! Miss Lin!" Shopkeeper Yuan felt that Yun chujiu would be very difficult to be selected, however, even though he was far away in the Netherworld continent and had heard of the great achievements of this ninth miss, he did not dare to look down on her at all. Moreover, this little girl was really too bold. Just her courage alone was enough to make people admire her.

The old man of the Heaven Lake was also staying at the Light Breeze Inn. Therefore, after Yun Chujiu gave shopkeeper yuan instructions, she went to see the old man of the Heaven Lake.

Yun chujia told the old man of the Heaven Lake about her idea. The old man of the Heaven Lake felt that this idea was not bad, however, he still reminded her, "Little girl, safety is the most important thing. It doesn't matter if you can't be chosen. When the time comes, you can think of another way to sneak in. So don't force yourself."

Yun chujia nodded. "Uncle-master, don't worry. I cherish my life the most!" "Moreover, it's just the selection of the Sheng NV. There won't be any danger." "Many of the young girls participating in the selection are from big families. The Netherworld Hall won't let the participants' lives be in danger."

The old man of the Heaven Lake nodded, then, he said in a low voice, "What you said is not without reason. Vice Palace Master Liu wants to find an obedient puppet, so it is not bad for you to have the identity of an orphan girl. Moreover, your spiritual power is also low. It is just that your current appearance is still a little lacking."

Yun chujia smiled slyly. "This is easy to handle. I have a magical makeup technique. When I sign up tomorrow, I will dress up properly. I will definitely pass the test."

The old man of the Heavenly Lake was skeptical. He gave a few more instructions before Yun Chujia returned to her room.

Yun chujia thought for a moment. She had to go buy some makeup powder. Thus, she left the Breeze Inn and walked toward the street where the shops in the river of forgetfulness were most concentrated.

Soon, Yun Chujiu found a shop that sold makeup powder and walked in.

Although the shop assistant saw that Yun chujiu was wearing ordinary clothes, his attitude was not bad. He helped Yun chujiu introduce the Rouge and cosmetics in the shop.

While Yun Chujiu was choosing, someone said disdainfully, "Qing Lan, some people really overestimate themselves. The things in fragrant snow house are not something ordinary people can afford. "Buddy, don't waste your energy. That poor girl can't afford the Things Here!"

Yun chujiu turned around and the one who spoke was Jin Zhi. It was really a narrow road for enemies. Jin Zhi, Qing Lan, and a few others also came to choose blusher.

Yun chujiu ignored her and said to the waiter, "This, this, that, and the few things over there, give me five of each."

The waiter was overjoyed. This girl might not be able to see through it, but she was really generous. This was something that several customers had bought. He quickly said, "Miss, please wait a moment. I will help you pack your things."

"Waiter, you'd better let her pay first! Otherwise, you'll be wasting your joy!" Jin Zhi pursed her lips. In her heart, she was sure that Yun Chujiu was pretending to be fat.
