

## The Yun Family's Ninth Child is an Imp! Chapter 163

Without waiting for Feng Ming to agree, Elder Qu leaped over.

“Where? Where? What treasure is under there? Let me dig!”

Only then did Yun Chujiu realize that Master Xuanyuan and the others were there. Yun Chujiu glared angrily at Feng Ming.

‘F\*ck! I’ve been searching all night and these people actually took advantage of me! I’m so wronged!’

Feng Ming rubbed his nose and thought to himself, each of these people is more powerful than the last. What would he dare to say?!

Elder Qu was already excitedly prying open the green stone slabs! These green stone slabs were all polished from ten-thousand-year-old southern jade, and each of them weighed more than a thousand catties. However, this was a piece of cake for Elder Qu!

“Hold on! The Southern Jade Square is the ten-thousand-year-old legacy of our Spirit Radiance Sect. How can it be damaged just because of a little girl’s nonsense?” Xiao Panshi had always looked down on Yun Chujiu. At this moment, his brows were tightly knitted together.

“Sect leader, Elder Xiao’s words are not without reason! Yun Chujiu is just an insignificant servant without any spiritual power, and she hasn’t even entered the sect for a month. She really doesn’t have much credibility!”

“That’s right. Over the past ten thousand years, our Spirit Radiance Sect has produced many talents, but those heaven’s favorites didn’t discover anything. Could it be that a little girl like her could discover something? This is too ridiculous!”

“That’s right! We can’t easily pry open this green stone slab. This is disrespectful to the ancestors of the past generations!”

...

Everyone was discussing animatedly. Most people felt that Yun Chujiu was simply fooling around.

Yun Chujiu rolled her eyes. It would be better if they did not believe her. When the time came, she would quietly pry open the green stone slab and the treasures would all belong to her alone!

Elder Qu had a temperamental personality. He rolled his eyes and said, “Don’t make everything sound so serious! It’s not like you won’t close it after prying open it. What can you do about it?”

“Besides, what’s wrong with this tan girl? She has been staring at the green stone slab for half a night. Who would be able to mess around like that for half a night? Sect master, what do you think we should do? I don’t think the girl is messing around. There must be something down there!”

Master Xuanyuan pondered for a moment before saying, “Let’s pry it open. The founders won’t blame us! It’s time for the secret of ten thousand years to see the light of day again!”

Elder Qu exerted some force, and the thick and heavy green stone slab was slowly pried open. Two more elders came over and each held one side of the green stone slab. They lifted the green stone slab and gently placed it to the side.

Everyone’s gaze focused on the dark brown soil.

The few elders began to dig, but they had already dug six feet deep and they still had no results! Everyone could not help but feel a little discouraged.

Elder Xiao and the others who opposed the idea revealed expressions of 'as expected'. This was simply impossible. How could a little girl without spirit energy be more powerful than them?? Was that not just a joke?!

Elder Qu was initially full of confidence, but as the hole was dug deeper and deeper, his heart began to beat faster. Could it be that the black girl was wrong?

Six feet, nine feet, ten feet..

Even when it was twenty feet deep, there was still nothing.

An elder curled his lips. "Sect master, it's better to fill up the soil. There's simply nothing. This is a waste of time! Otherwise, when the sun rises, the disciples will take us as jokes!"

Master Xuanyuan was also a little uncertain. Could it be that there really was nothing?

Yun Chujiu walked to the edge of the pit, she shouted toward the deep pit, "Hey! Hurry up and get out! Otherwise, you can only play dead below! Don't you want to come out and see this colorful world? Don't you want to see all kinds of delicious food? Don't you want to see a magnificent beauty like me?"

Everyone's face froze. Was Yun Chujiu possessed?! What was the use of shouting? Were there any living things down there?
