

The Yun Family's Ninth Child is an Imp! Chapter 1634

Unexpectedly, an oil-paper umbrella appeared in Yun Chujiu's hand. Yun chujiu was completely fine.

However, water was splashed all over the place. Some of the water splashed onto some of the applicants.

Those people had dressed up meticulously. Although it was not a big deal to be splashed with some water droplets, they were naturally very unhappy, one after another, they cried out, "Really! Some people just have nothing to do, just like how she did not dress up. I think she is jealous of that Lady's beauty."

"That's right. The disciple in charge of the registration did not say anything, but she went to find fault with her son who owes her. One look and you can tell that she is looking for trouble for no reason."

"Shh! Lower Your Voice. I know that Lady. I heard that she is the granddaughter of the Jin family head. She is not someone we can provoke."

"No wonder she's so overbearing. So she has a background. That Girl is really unlucky. I wonder how she offended her?"

..

Jin Zhi's face turned red with anger. These idiots actually spoke up for this ugly freak. Moreover, even if this ugly freak was in this state, she was still far inferior to her. How could she be jealous of her?

Yun chujju glanced at Jin Zhi with a faint smile and turned around to leave.

Jin Zhi stomped her feet angrily. For some reason, Jin Zhi had a feeling that this lin chujju would become an obstacle for her.

However, she thought to herself, "Ugly freak, so what if you have registered your name?" "I saw that you wrote 'orphan' just now. How can a poor person like you compete with me?" "This is simply a dream."

Just as Jin Zhi was thinking about it, she saw Yun chujju riding on a small donkey and leaving leisurely. She immediately laughed out loud. What a country bumpkin. He actually rode a donkey to come here. Such a poor person was nothing to be afraid of.

Two days later, the first round of the test began.

This time, Yun Chujju did not ride a donkey. Instead, she hired a horse carriage and strolled to the Netherworld Palace.

The girls who participated in the selection of the successor of Sheng NV were divided into ten groups. Yun chujiu glanced at them. Jin Zhi and the others were not in the same group as her, which saved her a lot of trouble.

Yun Chujiu's group was brought to a room. The one who brought them in was a maid. The maid sized them up and said, "Wait here. We will test you later."

At first, they were still waiting patiently, but after two hours, there was still no sign of them. They were a little uncertain.

"What's going on? Could it be that they left us here and no one cared?"

"Yeah, or did they forget about our group?"

"This is too much. Maybe the other groups have finished their tests. We're really unlucky!"

..

As time passed, more and more people started discussing. Many people started discussing in twos and threes. Some people simply ran to the door to take a look.

After another two hours, even more people could not hold it in anymore. Not only did they discuss in hushed voices, they even started to complain even louder. At this moment, a middle-aged female steward walked in, followed by two maids, among them was the maid who had brought them in earlier.

When the young ladies saw that someone had entered, they immediately regained their bearings. They thought to themselves, the test is finally about to begin. What a waste of time!

One of the maids took out a list and read, "Yu Shujing, Shen Zimo, Li Qianqian, Ning Xin 'er, Lin Chuchu... Mo Wanwan, the above twenty people have passed the first round of the test. The rest will be eliminated!"
