

The Yun Family's Ninth Child is an Imp! Chapter 1639

The four of them finished their discussion. Seeing that it was almost time, they left the house and went to the square.

The other girls also came to the square one after another. They seemed to be much more familiar with each other than the day before, chattering non-stop with the group as a unit.

When Zhao Mama came in from outside, she saw the girls chatting casually. Only the four members of the Earth group stood in a row with demure faces.

Zhao Mama's eyes flashed. These four were not bad. They were obviously obedient. However, they were not obedient enough. If they were obedient fools, they would not be able to bear the responsibility of Sheng NV.

Zhao Mama coughed twice and the girls quieted down. However, they still stood casually.

Zhao Mama gave Rushuang a look. Rushuang said with a cold face, "You are here for the training, not to admire the flowers in the garden. Every row, four people stand properly. Look at the Earth Group and then look at you. What a disgrace!"

Yun chujiu cursed in her heart. This rushuang must have done it on purpose. Wasn't this drawing hatred from them? But it was not a big deal. An outstanding person like her would sooner or later attract hatred..

The other four groups of people, as expected, glared at Yun Chujiu and the other four people, and then lined up.

Zhao Mama Glanced at the crowd with a gloomy face. "I don't care if you are the young ladies of the big families or the treasures of the family. In My Eyes, you are all the same candidates. "If there are any who oppose me, I will directly disqualify her from the test. "Each of you has ten points. If you make a mistake once, I will deduct the corresponding points. If all ten points are deducted, you will not be qualified to participate in the second round of the test. Do you understand?"

"I understand!" Everyone replied. However, some people didn't think so. She was just a small steward. What could she do to us?

"Except for the Earth group, each person will be deducted one point," Zhao Mama said faintly.

Immediately, someone protested, "Zhao Mama, you didn't say that we should form a team before. It's not strange if you don't know. Don't deduct our points this time, right?"

"Zhao Mama, today is only the first day. We really don't know. We will pay attention next time!"

“That’s right, Zhao Mama, Please Show Mercy!”

..

Zhao Mama didn’t say a word until those people felt that something was wrong, zhao mama then said coldly, “Everyone who spoke just now will be deducted one point! From now on, during the training process, unless I let you speak, you are not allowed to speak. If you speak, one point will be deducted.”

Although the young girls were very resentful, they did not dare to say anything more. Two points had been deducted on the first morning, and they might not even be qualified to participate in the second round of the test. This Zhao Mama was really abnormal.

Yun chujiu was very used to it. This was far from the training of the special agents in her previous life. What was the point penalty? The punishment from the training in her previous life was simply torturous. She wished she could die immediately.

Zhao mama continued, “I’ll give you 15 minutes. Each group will choose a team leader.”

Mo Wanwan and the other two said at the same time, “Chuchu, you’ll be the team leader!”

Yun chujiu was really looking forward to it. She pretended to decline a few sentences and then agreed to it.

After Zhao Mama Had Rushuang register the team leaders., then, she changed the topic. "Today's training is very simple. You will maintain this posture for four hours. If there is any movement in the middle, one point will be deducted. If you can not persist, you will be directly eliminated!"
