

## The Yun Family's Ninth Child is an Imp! Chapter 1641

As expected, soon a maid came to the door of the courtyard. "Zhao Mama, I'm here to deliver lunch."

Zhao mama nodded slightly, indicating that the maid could come in.

The maid walked to Zhao Mama's side and took out two large basins from her storage ring. One basin was filled with steaming stewed meat, and the other basin was filled with steamed buns.

Although everyone already knew that this lunch was to be snatched, it was still too little! Not to mention three meals, even one meal might not be enough.

Everyone was eager to try, but Zhao Mama did not say anything. They did not dare to rashly make a move. Moreover, steamed buns were easy to deal with. There was no spoon or anything like that for stewed meat?

Finally, Zhao Mama said indifferently, "Let's eat."

Just as everyone was about to start fighting, they heard a few people shouting loudly, "Look, what's that in the Sky?"

Everyone subconsciously looked up to the sky and found nothing. When they lowered their heads again, forget about the steamed buns and stew, there wasn't even a basin on the ground!

Someone noticed the clues and immediately shouted angrily, "The food has been put into the storage ring by that Lin Chujiu!"

Everyone looked at Yun Chujiu angrily. When they thought about it again, they realized that the three people who had shouted earlier were the other three from the Earth Group. They had done it on purpose! It was really too detestable!

"Lin Chujiu, hand over the food. Otherwise, don't blame us for being rude!" The leader of the gold group, Shen Zimo, shouted loudly.

The rest of the people also shouted, "That's right! Hurry up and hand it over. Otherwise, I'll teach you guys a lesson!"

Mo Wanwan and the rest looked at Yun chujiu and thought to themselves, I've already snatched all the food, but I've angered everyone. What should I do now? I've already provoked their jealousy and hatred in the morning, and now they hate us even more.

Yun chujiu blinked her eyes, "I've indeed kept all the food, but I'm doing it for your own good."

“You’re spouting nonsense! You obviously want to eat it all alone!” Shen Zimo said angrily.

“Don’t be so agitated!” “I’m not stupid. If I eat alone, Will You Spare Me?” “I’m really doing this for everyone’s good.” “Think about it. There are only so many dishes in total, and we only have an hour to eat. If we fight, we won’t have time to eat lunch at all. Why don’t we divide these dishes equally? Although we won’t be full, we won’t starve to death, right?” Yun Chujiu said earnestly.

Although everyone felt that it was a little suspicious, they couldn’t find any fault with it at the moment. Shen Zimo could only say, “In that case, you can divide it equally!”

“Okay! I am the person who is most willing to serve everyone. Come, stand in a row. We will bring you food. There aren’t many people like us who help others.” Yun Chujiu said with a smile.

Everyone could only stand in a row and take out their cutlery to wait for Yun Chujiu to bring them food.

Shen Zimo was the first in line. Yun chujiu handed her two steamed buns and then gave her half a bowl of stewed meat. Well, to be exact, there were only a few pieces of meat and the rest was soup.

Shen zimo immediately said unhappily, “You only gave me so little? Isn’t that too little?”

“Miss Shen, there’s nothing we can do about it. You’ve seen it yourself. There’s only so much stuff in total. We Can’t let you eat your fill alone while others starve, right?”Yun Chujia said helplessly.

The people at the back of the line immediately began to clamor, “That’s right. No one can be special. Leave immediately after you’re done. We’re still waiting to receive it!”
