

The Yun Family's Ninth Child is an Imp! Chapter 1643

After Yun Chujiu and the other three had a beautiful meal, Zhou Yinghan asked, "Chujiu, are we still doing this tomorrow?"

Yun chujiu shook her head. "If we continue doing this, we will be suspected. Listen to me, we will do this tomorrow..."

When Zhou Yinghan and the other two heard this, they only had one thought in their hearts. They had actually thought that she was a kind and good girl back then. They must have been blind back then..

After everyone finished their dinner and washed up, they each laid on their beds. Xiao Heiniaoyao, who was in the Spirit Beast Bag, asked Yun chujiu in puzzlement, "Master, you have so much food in your storage ring. Why Don't you just give it to them directly?"

"TSK!"! You Don't understand this, do you? Master, I naturally have a reason for doing this. If I were to give the food to them, although they might be grateful to me, it would only be a little. "It's different now. Not only do I make them very grateful to me, but I also make them respect me from the bottom of their hearts. This way, I can establish my prestige in the future and make them listen to me in the future."

"Master, I still don't understand. These are just three girls with no background. Do you need to go through so much trouble?"

"You Stupid Bird!"! "In the future, your master will be the successor of Sheng NV. How can I not nurture a few of my own people?"? "Although the spiritual power of these three people is a little low, there is a benefit. They don't have any background. Only such people will be loyal." "Besides, I have always been protective of my own people. No matter what, they are my roommates. I will naturally help them soar to the sky!"

Xiao Heiniaio rolled her eyes. There was no one else who had the confidence of a black-hearted master. She had only passed the first round of the test and was already recruiting for her successor, Sheng NV. Wasn't this a little too early?

Xiao Heiniaio was still complaining when she heard Yun Chujiu continue, "Of course, that's all for the future. I'm doing this mainly to gain their trust so that I can pass the second round of the test."

Xiao Heiniaio was so angry that it rolled its eyes. She had been lying to it for a long time, but only the last sentence was true!

After Yun Chujiu finished lying to Xiao Heiniaio, she fell asleep sweetly.

The next morning, Yun Chujiu still pouted and got out of bed. She washed up, put on makeup, and had breakfast. Then, she went to the courtyard.

Everyone had learned their lesson this time. They lined up obediently and waited. They were very nervous and did not know how Zhao Mama would make things difficult for them today.

After Zhao Mama arrived, she saw that everyone was standing very obediently, she nodded slightly. "You did well this morning. From today onwards, I will teach you etiquette, which is to regulate your behavior. "All of you have seen the Saintess' grace. I don't require all of you to reach the same level as the SAINTESS, but you must at least reach 50% of Sheng NV. "After three days, if you don't reach Sheng NV, you will be directly eliminated. There is no need for you to take the second round of the test."

Shen Zimo and the other girls from the big families had a proud expression on their faces. They had been influenced by Sheng NV's etiquette since they were young. Even if they didn't learn it, they could still reach 50% of the Saintess' standards.

Yun chujia complained in her heart. Damn it, was this a talent show? And she even trained their manners? Forget it, it would not be a loss even if they learned it. She would just treat it as a bonus for acting cool in the future! Her cheap adoptive mother's every move was indeed very pleasing to the eyes.

After Zhao Mama finished speaking, she began to demonstrate personally. Yun chujia could not help but feel emotional. Needless to say, this Zhao Mama really acted like a real person. It seemed that she had received strict training in the past.
