

The Yun Family's Ninth Child is an Imp! Chapter 1644

After Zhao Mama demonstrated for a while, she got everyone to start practicing.

The members of the gold group and the wood group were basically from big families, so it was very easy for them to learn. The remaining three groups were a little difficult to learn, especially Yun Chujiu's group.

"Mo Wanwan, your movements are full of market spirit. You're not qualified!"

"Lu Qin, your actions don't look like a saintess, but more like a maid. You're not qualified!"

"Zhou Yinghan, your steps are too big. Are you trying to run for Your Life?"

"Lin Chujiu, why are you always jumping around when you walk? You're not qualified!"

..

The other four groups naturally had looks of disdain and ridicule on their faces. These four poor girls, no matter how much they pretended, they could not change the inferiority in their bones. They were things that could not be put on the table.

Actually, Yun Chujiu could do what Zhao Mama said, but in order to take care of the other three's feelings, she deliberately skipped and skipped to fail.

It was lunchtime, and it was still the maid from yesterday who came to deliver lunch.

Just as the maid took out the food, Mo Wanwan and Lu Qin rushed up and snatched more than ten steamed buns each, while Yun Chujiu and Zhou Yinghan snatched two small pots of stewed meat.

Everyone was stunned at first, but then they reacted and began to fight for the food.

While they were fighting over the food, Yun Chujiu and the other three had already returned to the room and were eating happily.

After the scuffle, a few girls who didn't manage to get anything kicked open the door of Yun Chujiu's room. "Lin Chujiu, why didn't you share the food today?"

Yun Chujiu said with a puzzled look, "I didn't say that I would help you share the food every day. Besides, you didn't ask me to help everyone share the food all the time, did you? Didn't Rushuang and Ruyi say that we can get as much as we can? What's wrong with us?"

The few girls were so angry that they were twitching, but they couldn't find any fault in Yun Chujiu's words. Yes, she didn't say that they would continue to distribute the food today. It was our reaction that was slow, so we could only accept our bad luck!

After the few girls left, Mo Wanwan and the other two gave Yun chujiu a thumbs up. This time, they took the initiative to snatch the food, and the food was enough for them to eat at least four meals.

During the afternoon training, the Earth team was still frequently criticized. Those girls who did not manage to snatch the food were naturally mocking them. They were nothing more than good-for-nothings.

Yun chujiu naturally did not mind. Mo Wanwan and Zhou Yinghan were also passable. Only Lu Qin's eyes were red. It was obvious that she could not take it anymore.

It was not easy for them to hold on until the time for them to disperse. Everyone returned to their dormitories.

Zhou Yinghan sighed. "Damn it! This old lady can't even learn how to walk in a bashful manner. I'm afraid that I'm going to be eliminated. Forget it. In any case, I originally thought that it was unlikely for me to win. So be it if I'm eliminated!"

Mo Wanwan also sighed. "That's right. We really can't compare to those who came from big families. They've accepted this since they were young. How can we possibly learn it in three days?"

Lu Qin's tears fell, she said with a little choked up voice, "This is the first time I've been called a fool. I was clearly thinking well in my mind, but once I made it, it wasn't like that. It seems that we can only be eliminated."

Yun chujiu smiled crisply. "Do you really think so?"

Mo Wanwan and the other two thought that Yun chujiu was most likely driven mad by the provocation. They nodded blankly. "Yes, is there a problem?"

Yun chujiu clapped her hands and said, "That's great! Since you guys think that you will definitely be eliminated in two days, then don't waste your food. I'll eat these steamed buns and stewed meat myself. You guys can just eat the dry food."
