

The Yun Family's Ninth Child is an Imp! Chapter 1646

Mo Wanwan and the other two seemed to have realized something and began to practice.

Yun chujiu simply washed up, then lay on the bed and began to read the script. As for the instructions that they had agreed on, was this a joke? Hadn't I already given them all? For a life mentor like me, one sentence could make people enlightened, and one sentence could make a lamb come back to its senses..

Xiao Heiniao, silence again.

Mo Wanwan and the other two practiced in excitement. As cultivators, their body coordination was needless to say. They had already grasped the key points that Zhao Mama had mentioned, and what they lacked was the charm.

With Yun Chujiu's guidance, they had broken through that layer of window paper, and after practicing several times, they gradually entered a good state.

Mo Wanwan jumped to Yun Chujiu's bedside excitedly. "Chuchu, we did it! Thank you so much!"

Yun chujiu raised her head and smiled. "There's no need to thank me. Just let me eat more meat during dinner."

“Chuchu, what are you reading? Is it interesting?”

Mo Wanwan decided to change the topic. Then, she saw that the cover of the script was clearly written: “The story that 72 husbands and I had to tell.” Her face immediately stiffened.

When Yun Chujiu heard Mo Wanwan’s question about the script, she immediately became excited, she immediately sat up. “Wanwan, I bought this script in Forget Chuan City. It’s very interesting! Do you want to read it? Oh, I can lend it to you first. I still have a lot of it in my storage ring! I’m telling you, as long as you read this script, I guarantee that your waist won’t be sore anymore and your legs won’t hurt anymore...”

Mo Wanwan’s face turned red. “Chuchu, you, you read it yourself. I, I’ll go wash up!”

After saying that, Mo Wanwan rushed out of the room. Yun Chujiu was stunned. Then, she waved at Lu Qin and Zhou Yinghan. “Wanwan, you guys don’t need to read it. It’s really interesting. I have something else here!”

Lu Qin and Zhou Yinghan were practicing walking just now and didn’t see the script in Yun Chujiu’s hand. They walked over curiously. “Chuchu, what script is this? It’s so interesting?”

“Here, take it back and read it!” Yun chujiu handed each of them a script.

Lu Qin picked up the script in her hands and took a look. There were a few big words written on the cover. It was the thirty-six male concubines of the female emperor. She immediately stuffed the script into Yun Chujiu's arms shyly. "You, you should read it yourself! I'll go look for Wanwan."

Zhou Yinghan looked at the book in her hands. There were seven big words written on the cover — all the handsome men in the world fell in love with me. Zhou Yinghan did not pass the book in her hands to Yun Chujiu, instead, she sat by the bed and said in a serious manner, "Chuchu, although the dual cultivation method can increase your cultivation level, you shouldn't be too fierce. Moreover, if you become a saintess, I'm afraid that it's not appropriate for you to be so flirtatious."

Yun chujiu only had one thought in her mind. A woman was indeed a woman. The way she thought about things was different from a cute girl.

"Aiya, don't worry. I'm just looking to relieve my boredom. I Won't Do Anything Rash! Do you also think that such a script is very interesting?" Yun Chujiu looked at Zhou Yinghan eagerly.

Zhou Yinghan shook her head. "I think that reading a script is better than cultivating or going to a trial. Read it yourself!"

Seeing that the three of them were not interested, Yun chujiu could not help but shake her head. She actually did not like such an interesting script. She really did not know how to appreciate it!

Just like that, Yun Chujiu's image in the hearts of Mo Wanwan and the other two completely collapsed. What little fairy? This guy was a foodie, a little scoundrel, and a little pervert!
