

The Yun Family's Ninth Child is an Imp! Chapter 1649

When the girls heard what Zhao Mama said, most of them were extremely excited! The cultivation method of the power of the Netherworld had always been mastered only by big families. They had no chance to learn it at all. They did not expect to have such a good opportunity now. Although they might not be able to master it, what if they could?

There were also a few young girls whose faces were ashen. They were all from big families and had long tried to cultivate the power of the netherworld. However, they had failed time and time again. It seemed that there was no hope for them in the selection of the Sheng NV.

However, they still had a glimmer of hope. What if they were lucky enough to pass the assessment? They could not give up yet. Moreover, there were only a few people who could possess the power of the netherworld. They might not be able to master it.

Yun Chujiu's heart was filled with frustration. Oh My God, she was from the Qing Xuan Continent. It would be a miracle if she could cultivate the power of the netherworld!

However, some of them did not look too good. They were afraid that they would not be able to cultivate the power of the netherworld either. Everything would be fine once they reached the end of the bridge. When the time came, they would just have to deal with each other.

After Zhao Mama passed the mnemonic formula and mental cultivation method to everyone, she had everyone sit down and meditate to practice.

Soon, it was lunchtime again. The group was on guard against the soil group as if they were guarding against Wolves. They had already made up their minds that once the soil group snatched lunch, they would teach them a good lesson.

What the group didn't expect was that the soil group didn't snatch lunch from them at all. Instead, they directly entered the dormitory. The group was like a heavy fist smashing into cotton. They couldn't let go of this anger in their hearts. They were simply cowards! Even if they wanted to find trouble, they did not have the chance. Could it be that they went to the door of the earth group and shouted, "Why aren't you guys fighting for food?"?

Mo Wanwan looked through the crack in the door and saw that the people were so angry that they were twitching. She turned around and gave Yun chujiu a thumbs up. "Chuchu, I, Mo Wanwan, AM in awe of you! How did your brain grow? Why Are You So Smart?"

"That's right, Chuchu, you're really too smart!" Lu Qin echoed.

"Don't praise her anymore. I don't think she's smart. She's full of bad ideas!" Zhou Yinghan scolded with a smile.

Although Yun Chujiu was a little depressed because of the netherworld power, she still joked with the three of them for a while.

That afternoon, Zhao Mama still let everyone try to sense the netherworld power. They could only cultivate after they had a connection with the netherworld power.

Normally, this process would take three days, so Zhao Mama was not in a hurry. She was in charge of answering everyone's questions from time to time.

That night, after everyone had washed up, Mo Wanwan asked Yun chujiu, "Chujiu, are we still not going to fight for lunch tomorrow?"

Yun Chujiu was a little worried about the power of the netherworld. She did not have the mood to fight for a little food anymore. Moreover, her goal of seducing Mo Wanwan and the other two had basically been achieved, hence, she slapped her thigh and said, "Look at my memory. There are a lot of delicious food in my storage ring, and I actually forgot about it! Let's not fight with them in the future. Anyway, the food doesn't taste that good."

Mo Wanwan and the other two looked at the various delicacies that Yun chujiu brought out and wished they could strangle this little rascal to death!

They worked so hard every day to snatch a tiny bit of food, but you actually did not bring out so many delicious food!

What do you mean you forgot? Who are you lying to? ! You did it on purpose!

However, they didn't really care. After all, they weren't familiar with each other at the beginning, so it was normal for them to have some reservations. However, this fellow actually shamelessly ate for free. His skin was really thick to a new height.
