

## The Yun Family's Ninth Child is an Imp! Chapter 1654

Yun Chujiu looked at Shen Zimo. "Yes, there was a problem with the display. I admit it, but we were lucky. It just so happened that there was a problem with the display when we were testing. God is really helping us!" "Are you jealous? It's useless to be jealous. It's your bad luck!"

"You, you're so Shameless! You Won't succeed! The first place is ours!" Shen Zimo had never met such a scoundrel before. She couldn't think of any other excuse.

"Your words don't count. It will only be effective after Zhao Mama's notice. I don't have time to argue with you. I still have to enter the room to prepare for the next round of the Test!" Yun Chujiu said and skipped into the dormitory.

Shen Zimo was so angry that she gnashed her teeth. Ning Xin'er advised, "Zimo, don't lower yourself to such people. The first place will definitely be ours. Everyone has seen it. There's a problem with the display. It's not the strength of the Earth group at all."

"It's really strange. Why did the test ball suddenly explode? The display screen also had a problem. It's really unlucky." Li Qianqian said angrily.

Liu Qiuyue also echoed, "It's probably because there were too many people in the previous test, so the test ball burst." "Don't worry. The people above are not fools. They naturally know the truth. They will definitely let us advance!" "Zimo, let's go inside and wait!"

Shen Zimo felt that what they said made sense. She cursed a few more times before following the other three back to the dormitory.

Mo Wanwan saw the members of the gold group leave through the crack of the door, she then sighed and said, "Chuchu, you don't have to offend them. Although there's a problem with the display screen, the people above aren't fools. How could they let us advance?"

Yun chujia bared her little white teeth. "That's not right! Don't worry, we'll definitely advance."

Mo Wanwan looked at Yun chujia worriedly. "Chujia, are you alright? Are you too eager to advance, so you're a little crazy?"

Yun chujia giggled. "I'm Fine!"! There was evidence behind what I said, but when we were testing, the display screen broke. This meant that the heavens had high hopes for us! Think about it, who is the Sheng NV? "Sheng NV represents the entire netherworld. If we can receive the blessings of the heavens, wouldn't it be more justified?" "So, we will definitely advance."

Mo Wanwan and the other two were stunned. Chu Chu's words made some sense, but was it possible?

Yun chujia lay on the bed and took out her phone book to read. This fellow was very confident. Vice Palace Master Liu was looking for a puppet. The four people from the Earth group really fit the requirements. Moreover, they had the gimmick of being chosen by the heavens.., it would be a miracle if they didn't pass!

However, she was just trying her best. Could it be that her summoning really worked?

"Master, if that test ball doesn't explode, how do you plan to pass the second round of the test?"Xiao Heiniao asked curiously.

Yun chujia curled the corners of her lips. "If my curse isn't effective, I will think of a way to get the steward in charge of the test to the vicinity of the ball. Then, I will let you curse and let that steward knock the ball onto the ground. Then, he will destroy the ball in the chaos and frame that steward.

"Of course, the manager is unwilling to take responsibility. When the time comes, I'll say that this is God's will. God wants us to pass the test. In order to clear himself, the manager will naturally speak up for us."

Xiao Heiniaio rolled his eyes. It seemed that God was going to take the blame. The evil master was really bad. No wonder Qiong Qi was ashamed of being inferior to him..
