

The Yun Family's Ninth Child is an Imp! Chapter 1655

Yun Chujiu had just read a few pages of the script when she heard the voice from outside telling everyone to gather as they wished. Yun Chujiu raised her eyebrows. Good News had arrived!

Mo Wanwan and the other two were not as optimistic as she was. They left the room uneasily.

After everyone had lined up, Zhao Mama glanced at everyone and said slowly, "Shen Zimo, Li Qianqian, Ning xiner, and Liu Qiuyue from the gold group have advanced to the second round."

The four people from the group of gold immediately revealed a smug expression. The people above were indeed not fools. The people from the group of Earth wanted to take advantage of them. How ridiculous.

Although Mo Wanwan and the other two did not have much hope in their hearts, they were still a little disappointed when they heard what Zhao Mama said.

At this moment., zhao mama continued, "Other than the four people from the group of gold, Mo Wanwan, Lu Qin, Lin Chuchu, and Zhou Yinghan from the group of Earth have received the favor of the Netherworld's spirit, so the higher-ups have decided to make an exception and let you guys enter the third round of the test."

Everyone was stunned. They had actually, actually passed the second round of the test? Dog, SH * t, and luck. was that what they were talking about? They were really lucky to the extreme!

Mo Wanwan and the other two were stunned at first, then they revealed ecstatic expressions. They had actually passed the second round of the test?

Although Yun Chujiu did not feel any emotions in her heart, she still imitated Mo Wanwan and the other two with a silly smile on her face to prevent herself from being exposed.

“The eight of you follow me! Rushuang, Ruyi, send the remaining people out of the Netherworld Palace immediately,” Zhao Mama said to the group.

Although the girls were very disappointed, they could not do anything about it. They could only watch enviously as the gold group and the Earth Group followed Zhao Mama Out of the courtyard.

Yun Chujiu and the others followed Zhao Mama to a very large courtyard. There were already dozens of girls waiting inside. When they saw Zhao Mama bring eight people in, they could not help but feel puzzled.

Didn't they say that only one group from each group won? How could there be eight people in this group?

Zhao Mama asked Yun Chujiu and the others to stand in the line, then turned around and left the courtyard.

The girls had learned their lesson from the first round of the test. No one dared to speak casually, afraid that this was part of the third round of the test.

A moment later, five people came in from outside the courtyard. The leader was a middle-aged woman, followed by four maids.

The middle-aged woman saw that everyone was standing in an orderly manner and said with a trace of satisfaction, "As expected of the one in ten thousand winners. Congratulations on passing the second round of the test."

The young girls saw that the middle-aged woman was so gentle and could not help but feel slightly relieved. It seemed that this nanny was not very strict.

Unexpectedly., the middle-aged woman's expression suddenly turned cold. "However, don't think that everything will be fine just because you passed the second round of the test. Only three out of forty-four of you will be qualified to be personally selected by the saint. Therefore, the real test has just begun!"

From tomorrow onwards, there will be an assessment every two days. Those ranked in the bottom five will be directly eliminated. Therefore, as long as you slack off for even a moment, you will be eliminated. All of you, Keep Your Spirits Up! Ten days later, the remaining people will proceed to the third round of the test.

Oh right, you can just call me Zheng Mama. These four handmaidens are tingmei, tinglan, Tingzhu and tingju. They are responsible for handling your daily affairs. You are dismissed now. Gather on time tomorrow.”

After Zheng Mama left.., the handmaidens called tingmei said faintly, “According to the plan, only forty of you won, so only ten rooms were prepared. “However, now that there are forty-four of you, four of you can only sleep in the small side room next door. I’ll give you fifteen minutes to discuss. Who will stay in the small side room?”
