

The Yun Family's Ninth Child is an Imp! Chapter 1660

When the other guards saw that you chi was as tired as a dead dog, they felt extremely fortunate. It was fortunate that that little pervert had not chosen them. Otherwise, they would have ended up like you chi. It was really too terrifying.., you Chi said that he had demonstrated his sword technique more than 200 times today, and he was so tired that he was about to vomit..

Jin Zhi said with disdain, "Lin Chuchu, I thought you were just stupid. I didn't expect you to be so vicious! "What did that guard do to provoke you? "You actually tortured him like that! "Ah, I know. You must know your own limitations and know that you can't learn the Netherworld sword technique. That's why you vented your anger on that guard. How Vicious!"

Shen Zimo hated Yun Chujiu to the core. When she heard Jin Zhi say this, she immediately agreed, "That's right. There are some people who are not only thick-skinned but also vicious. How can such a person dream of becoming the successor of the Saintess? Unless the sun rises from the north, only a person like her will be chosen." Shen Zimo immediately agreed with Sheng NV

Jin Zhi and Shen Zimo looked at Yun chujiu after they finished speaking. They felt that Yun chujiu was definitely going to retort. The two of them had prepared their next words in advance, but unexpectedly.., yun Chujiu yawned. "I'm so sleepy. Hurry up and eat dinner and go to sleep!"

After Yun Chujiu finished speaking, she took her dinner and hopped back to the small side room.

Jin Zhi and Shen Zimo were so angry that they were twitching. The script that they prepared was naturally useless. However, they thought to themselves that Lin Chujiu would definitely fail the test tomorrow afternoon. At that time, they would just ridicule her.

“Chuchu, have you learned the Netherworld sword technique? If you haven’t learned it, I’ll teach you. I’ve already learned 80-90% !”After Mo Wanwan washed up, she went to Yun Chujiu’s side and said.

“Me? I’ve learned it pretty well. Do you guys need me to give you some pointers? If you don’t need me, I’ll read the script!”Yun Chujiu said with a smile.

Although Mo Wanwan and the other two knew that this guy had an idea, did he just learn it after reading it for a whole day? Was that possible?

The three of them were about to ask again when they saw Yun Chujiu take out the script and read it with great interest. It was not good for them to say anything more. The three of them exchanged their doubts about their respective sword techniques and then rested.

The next morning, everyone arrived at the courtyard on time and continued to practice.

You Chi saw that Yun Chujiu still took out a chair, so he could only accept his fate and began to demonstrate the netherworld sword technique in an endless cycle. As he brandished his sword, he cursed in his heart that this little pervert would definitely be eliminated in the afternoon, he did not believe that she would be able to learn the netherworld sword technique just by watching!

This Netherworld sword technique had a total of thirty-six moves, and each move was divided into eight moves. Such a complicated sword technique was something that even those who practiced one-on-one would not be able to learn in just a day and a half, not to mention that this little pervert was only watching him practice! She had not practiced it once. It would be a miracle if she could learn it!

You Chi relied on this thought to vent his anger until noon. He sat down on the ground and saw the little pervert put away his chair, he said with a smile, "Tsk Tsk, your sword dance is pretty good. I really hope that the next training will be like this. When the time comes, I will definitely choose you again!"

You Chi almost fainted. He gritted his teeth and panted, "Miss Chuchu, you should think of a way to pass the test this afternoon."

"You taught me so hard. How could I not pass it? Don't worry, I will definitely pass it!" Yun Chujiu said with a smile.

Unfortunately, Yun Chujiu's smile looked like a devil's smile to You Chi. The thought of her not passing the test started to waver. This little pervert said so confidently. Could it be.., could it be that she would really see a Ghost? Please don't!
