

The Yun Family's Ninth Child is an Imp! Chapter 1675

The Netherworld swamp poisonous frog's confidence was unprecedentedly inflated. It quacked a few times and swam in front. Yun Chujiu and you chi were behind it and used their hands to pull the mud beside the wooden board. They wanted to use this method to make the wooden board move forward, but unfortunately., after pulling for a long time, the wooden board did not go far.

The Netherworld swamp poisonous frog called out a few times impatiently. Yun chujiu blinked her eyes, she patted her thigh with her hand. "SOB, sob, sob, I'm really useless!" "I can't compare to the Valiant and invincible Lord Golden toad. It's simply difficult to move an inch in this swamp. I Can't keep up with Lord Golden toad at all. Sob, sob, I'm Useless!"

The poisonous frog in the Netherworld Swamp enjoyed Yun chujiu's blatant praise. The little human girl was right. So what if humans were powerful? In this swamp, it was the Overlord!

"Master Golden Toad, can my companion and I Sit on your back? Forget it, my request is too much! Just pretend that I didn't say anything. Although you are broad-minded and have the demeanor of a divine beast, you will definitely not agree to my rude request. Let's continue to paddle the wooden board!" Yun chujiu sighed and said.

The Netherworld swamp poisonous frog was stunned for a moment. Then, it looked at the wooden boards of Yun Chujiu and You Chi and croaked a few times.

"Oh my God! Lord Golden Toad, you, you actually agreed? I, I simply can't believe that you are really the incarnation of good fortune! I am really lucky to have met you! I am really too lucky!" Yun chujiu had an overjoyed expression.

The poisonous frog of the Netherworld Swamp was stunned by Yun Chujiu's series of good fortune and luck. By the time it came back to its senses, Yun Chujiu and you chi had already climbed onto its back.

"Lord Golden Toad, let me tell you a story about golden toad and forty-four cultivators..." Yun Chujiu was afraid that the poisonous frog of the Netherworld Swamp would go back on its words, so she quickly continued to bluff.

You Chi felt as if he was in a dream. Did Miss Chuchu bluff the netherworld swamp poisonous frog with just one mouth? Not only did she not eat them, but she even let them sit on its back? And she even wanted to bring them to kill Demon Beasts? Oh God, was it because he was inexperienced or was Miss Chuchu too abnormal?

You Chi suddenly thought of a very important question. Even if Miss Chuchu could bluff the netherworld swamp poisonous frog to help them kill some demon beasts, the rules stated that only demon beasts killed with the Netherworld sword technique and the azure falling sword technique counted, wouldn't that mean that they had killed for nothing?

You Chi took out a pen and paper from his storage ring and wrote down the question on the paper for Yun Chujiu to read. Yun chujiu nodded her head with a smile on her face, looking as if she was well-prepared. You Chi could not help but wonder, did Miss Chujiu have a solution? What exactly was the solution?

Yun Chujiu was best at making up stories, so the netherworld swamp poisonous frog listened with rapt attention. It could not help but put itself on the body of the golden toad in the story, feeling as if it had

opened the door to a new world, it even thought to itself that this little girl's story was really interesting. Let her live for a few more days!

After nearly two hours, it finally found a demon beast. It was a swamp iron-armored turtle. Yun chujiu shouted excitedly, "Master golden toad, there's a little bastard over there! Kill It!"

When the netherworld swamp poisonous frog heard Yun Chujiu's two contrasting terms, its blood boiled even more. It let Yun Chujiu and you chi go down and swam towards the swamp iron-armored turtle.
