

The Yun Family's Ninth Child is an Imp! Chapter 1679

Yun chujiu kept cursing, but she walked towards the place where the light was shining.

Yun chujiu used her sword to pull, and the whole thing below was revealed. It was actually a formation plate, and the light was from the top-grade spirit stones in the groove.

Yun Chujiu thought for a moment and understood. There was only such a piece of land in this swamp, so she could only bury the formation plate here. However, she didn't expect that this place was coincidentally used as a nest by the netherworld swamp poisonous frog. In addition, the horned mud flood dragon struggled with all its might before it died, thus exposing the array disk.

Should she take it or not?

Damn it, she had suffered so much, so of course she had to take it. Even if she was discovered, it had nothing to do with her!

Therefore, Yun Chujiu took all the supreme-grade spirit stones in the groove. When the last supreme-grade spirit stone was dug out, Yun Chujiu felt a white light flash in front of her eyes. When she regained her sight., she was already on the round platform.

On the round platform, Young Ladies and guards were teleported out one after another. Each of them had a dumbfounded look on their faces. "There should be an hour left. How did they get teleported out?"

“That’s right. Didn’t they say that they would be teleported out at noon?”

“Fortunately, I completed the mission. Otherwise, it would be terrible. I wonder what happened to the array formation.”

..

Zheng Mama was also puzzled. Why did the asura array suddenly have problems? Fortunately, everyone was fine. Otherwise, it would be troublesome.

“You guys go back for now. I’ll go find the steward who controls the array to obtain your test results,”Zheng Mama said to everyone.

Everyone was happy and worried. Those who had completed the mission were naturally happy. Those who had not completed the mission were frowning. They followed Tingmei and the others back to the courtyard to wait for news.

After a long while, Zheng Mama walked into the courtyard. Everyone’s gaze fell on her.

“There was a little problem with the test this time, so the results this time are invalid. I’ll give you half a day to rest. Gather on time tomorrow, and you’re dismissed.” After saying that, Zheng Mama left the courtyard.

“Zheng Mama, why is the test invalid all of a sudden?” Tingmei asked softly as she escorted Zheng Mama out of the courtyard.

Zheng Mama’s face was slightly stiff. “Manager Song said that for some reason, the array formation stopped working. Later, he found that the supreme-grade spirit stones in the array disk were all gone.”

“Zheng Mama, could it be that those candidates or guards took the spirit stones? Why didn’t you investigate them?”

“Manager Song said that it was impossible for these people to do it. This asura array is very complicated. It’s impossible for them to find the core of the array.” Manager Song speculated that there might have been some mistakes in the asura array this time, so the spirit stones were used up relatively quickly, so the spirit stones were all used up

..

Yun chujiu was originally worried that someone would ask for spirit stones from her. Now that she saw that the situation was calm, she could not help but heave a sigh of relief. Those who were blessed did not need to be busy. Participating in a test actually made a small fortune. It was really great!

However, she still had to think of a way to Shut You Chi's mouth.

The next day, after everyone had breakfast, they gathered in the middle of the courtyard.

"For the next three days, all of you will continue to familiarize yourselves with the netherworld sword technique and the Azure falling sword technique with your guards. The test will take place again in three days." After speaking, Zheng Mama immediately left the courtyard.

The young ladies were all stunned. The test would take place again in three days? Could it still be entering the asura array? However, no matter what, it was still more important to practice the sword technique first.

Thus, they began to practice the sword technique in pairs. Of course, there were exceptions to this rule.

In a corner of the courtyard, Yun Chujiu was looking at you chi with a smile. "You Chi, Don't you have anything you want to ask me?"
