

The Yun Family's Ninth Child is an Imp! Chapter 168

"The first condition is that I can enter and leave the sect's library as I please. The second condition is that the rolling pin belongs to me. The third condition is that you give me a gold medal to exempt me from death!" Yun Chujiu said with a smile.

Everyone thought that Yun Chujiu would ask for Spirit Stones or medicinal pills, but they did not expect her to raise such three conditions!

The first condition was not a big deal, but the second and third conditions were a bit trickier to deal with! Although that black stick looked like an ordinary stick now, how could the thing left behind by Patriarch Linghua just be an ordinary thing?

As for the third condition, it was even more ridiculous. If Yun Chujiu betrayed the sect, then with the so-called "Get out of jail free" token would come to her aid. Would that not allow one to do whatever they wanted?!

Master Xuanyuan pondered for a moment. "Little Ancestor Yun, I can agree to these three conditions, but I also have three conditions."

"Little Xuanyuan, speak!" Yun Chujiu said nonchalantly, but inwardly, she cursed at the old fox!

"First, before your identity is officially confirmed, I hope that Little Ancestor Yun will not reveal anything to anyone. Of course, no one here will leak this matter and everything will be the same as before. Little Ancestor Yun is still a servant of our Spirit Radiance Sect."

Master Xuanyuan's words were deeply appreciated by Elder Xiao and the others. When they thought of bowing to such a little girl, they almost broke down!

Yun Chujiu nodded. "Sect leader, I agree to this condition."

When Master Xuanyuan saw that Yun Chujiu immediately entered the role, he could not help but think highly of Yun Chujiu in his heart. Then, he said, "Second, our Spirit Radiance Sect doesn't have the so-called death-exemption token. However, as the sect leader, I promise you that as long as you don't do anything that betrays the sect, I can exempt you from a punishment."

Yun Chujiu rolled her eyes. "I also agree to this condition."

"Thirdly, if the sect is in danger, Little Ancestor Yun, please consider the bigger picture and help us."

As soon as Master Xuanyuan finished speaking, everyone's faces froze. Sect leader, have you been kicked in the head by a Spirit Beast? How could such a useless snack without spirit energy help them?

The crowd looked at Yun Chujiu again and was even more furious. They saw Yun Chujiu touching her chin and lowering her head in deep thought, as if she was really considering whether to agree to this condition.

They thought to themselves that they had seen thick-skinned people, but they had never seen such a shameless person!

Yun Chujiu thought for a moment and then said seriously, "Well, as your elder, if it doesn't hurt my life, I will help you."

Everyone was so angry that they almost fainted!

'Yun Chujiu, do you still have any sense of shame? Who do you think you are? You dug out a broken stick, and you really became a genius from that thrash you were? You really think you've become the thigh of Spirit Radiance Sect?

'You even said that if it didn't harm your life, then you would help. You really think too highly of yourself! Even if we were beaten to death, we wouldn't ask for your help.'

The corner of Master Xuanyuan's eyes twitched. The reason why he mentioned this condition was just in case. After all, Grandmaster Linghua would not leave such a verbal order for no reason. However, no matter how he looked at it, Yun Chujiu did not seem like a person who could save Spirit Radiance Sect from danger.

"Alright, since that's the case, then according to what Elder Xiao said, if little ancestor Yun can be ranked in the top ten in the new disciple trials in a year's time, then we will acknowledge your identity as Little Ancestor Yun. If you can't be ranked, we'll also give you a spot as an inner disciple. We'll pretend that what happened today never happened," Master Xuanyuan announced his final decision.
