

The Yun Family's Ninth Child is an Imp! Chapter 1680

You Chi had a stomach full of questions, but for some reason, after interacting with the asura array, he instinctively felt that it was best not to ask those questions, or else his end would be very miserable.

Thus, you chi shook his head. "Miss Chuchu, I have nothing to ask. Let's start practicing our sword techniques!"

"Alright, then you go ahead and practice. Just practice that Gabriella swordsmanship. I should be able to learn it this time!" Yun Chujiu took out a chair from her storage ring and crossed her legs as she said.

You Chi saw that Yun Chujiu had become a little devil once again, and his heart felt more at ease. This was the right way. This was the true nature of this Lin Chujiu. What brother? What kindness? They were all lies!

You Chi began to practice the Gabriella sword technique in a miserable manner. He felt that these three days would definitely be a hellish life. Unexpectedly, he had just practiced it once., yun Chujiu said with a smile, "Alright, there's no need to practice anymore. From now on, you do your thing and I'll play mine. We have nothing to do with each other. Do You Hear Me? Stay where you are! I'm going to bask in the Sun!"

You Chi was confused by Yun Chujiu's words. was there something wrong with Miss Chujiu's brain? What did she mean by what she said? Did she not want to pass the exam in two days?

You Chi was about to say something when he saw Yun chujui take out a recliner and lay on it with her eyes closed. She did not want to talk to him at all. You Chi could only stand aside like a wooden stake.

“Go and stand over there. You stay away from me, do you hear me?”Yun chujui opened her eyes and said coldly.

You Chi didn't feel good. Although he could see Yun Chujui's demonic attributes now, he felt that the two of them had fought side by side before, so they should at least have some friendship, he didn't expect Yun chujui to despise him so much now.

You Chi walked a few steps to the side in disappointment. He didn't expect Yun chujui to continue, “I told you to stay away from me. Don't you understand? !”

You Chi could only take another step and then stand there.

“Stay further away from me. It's annoying to see you!”Yun chujui said with disdain.

You Chi could only walk to another corner of the courtyard and stand there in a daze for a while. Then, he sat on the ground and began to cross his legs to cultivate. Out of sight, out of mind.

Soon, someone noticed the situation between you chi and Yun Chujiu. They could not help but discuss among themselves, “What is this Lin Chuchu doing? Why did she send her guards over there?”

“Who knows! I guess she has given up and doesn’t want to pass the test two days later!”

“That guard is really unlucky. He actually met Lin Chuchu. This is a good-for-nothing.”

..

Those guards were also very puzzled. What was going on? Wasn’t miss chuchu a kind and good girl? Why did she chase you chi to the side? Could it be that the two of them had an argument?

During the afternoon break, the guards came to You Chi’s side and asked him what was going on.

You Chi did not say much. He only said, “Miss Chuchu thinks that this is more efficient. I also think that this is quite good.”

After You Chi finished speaking, he felt an inexplicable sense of sadness. It was better to be tormented than to be despised like this!

Those guards could not get anything out of her. Moreover, they felt that Yun Chujiu was a kind and good girl. There must be a reason for her to do this, so they did not say anything.

Therefore, in the following time, the people in the courtyard were either practicing their swords or chatting and laughing. Only Yun Chujiu and You Chi were busy with their own things, like two strangers.

In the blink of an eye, three days had passed. Everyone was anxiously waiting for Zheng Mama's arrival. They did not know how to test their swordsmanship this time.
