

## The Yun Family's Ninth Child is an Imp! Chapter 1681

Zheng Mama glanced at everyone, then, she said, "The content of today's sword technique test is very simple. Treat your guards as people from the Tian Yuan continent. Use the Netherworld sword technique and the Azure falling sword technique to attack him. If you force him out of the competition zone within fifteen minutes, you will be considered to have succeeded. The loser will be eliminated."

When everyone heard Zheng Mama's words, they could not help but turn pale with fright. How could they be a match for those guards, let alone force them out of the competition zone within fifteen minutes? This was an impossible task.

"I haven't finished my words. The guards can only Dodge and not attack. So, as long as you put in your heart and learn these days, you can completely do it. Jin Zhi, Step Out!" Zheng Mama said.

Jin Zhi did not show any fear. After entering the competition zone, she summoned her sword and attacked her guard. The guard slightly tilted his body to dodge the sword, and when Jin Zhi saw this, she stabbed again..

After 15 minutes, the guard did not notice that Jin Zhi had stabbed him on his left shoulder. The guard screamed out in pain, and Jin Zhi was stunned for a moment before she thrust her sword towards the guard again.

The guard was still unable to dodge, and the sword struck his right shoulder. Fresh blood dyed his clothes red, and the guard grunted, but did not retreat.

The girls could not help but exclaim. It seemed like these guards had been given an order. They would rather be injured than retreat. If that was the case, they would have to kill him. wasn't this... wasn't this too cruel?

Jin Zhi had obviously realized this as well. She stabbed at the guard again. This time, it was aimed at the left chest of the guard. Once it was stabbed, the Guard would definitely die!

The guard had already been forced to the edge of the competition zone. If he wanted to dodge this sword, he could only retreat. Otherwise, he would lose his life.

The guard closed his eyes and looked like he was waiting for death. Jin Zhi moved her sword a few inches away and stabbed the guard's left arm. Then, she kicked the guard out of the competition zone.

Zheng Mama did not say whether Jin Zhi passed or not. She just told her to return to the team. Then, she said, "Qing Lan, step out!"

Qing Lan's swordsmanship was much weaker than Jin Zhi's, so after half an hour, she still could not hurt her guard at all.

Qing Lan suddenly smiled at the guard. The guard was slightly stunned, but he did not expect Qing Lan's sword to arrive. It stabbed the guard's right leg and kicked the guard out of the competition area.

Zheng Mama still did not say anything. "Zhao wanyin, step out."

Zhao Wanyin was the girl who chose the most handsome guard. After fifteen minutes, she stabbed the guard's right arm. Zhao Wanyin was instantly stunned, her hand trembled slightly. "You, are you okay? Quickly take the pill to stop the bleeding and then we'll compete again."

Yun chujia almost laughed out loud. This person was definitely going to be eliminated.

In the end, Zhao wanyin naturally did not force that guard out of the competition area. However, she did not seem to care too much about it. Instead, she was upset that she had hurt that guard.

In the following competitions, there were some who succeeded and some who failed. Some of those who failed were upset, while others did not think much of it. Instead, they were more concerned about the injuries of those guards.

Mo Wanwan, Lu Qin, and Zhou Yinghan all passed the match smoothly. However, Yun chujia could see something. Although the three guards were very subtle, Yun chujia could still see that they had gone easy on them. This was interesting. TSK TSK, could it be that the three little girls had fallen in love?
