

## The Yun Family's Ninth Child is an Imp! Chapter 1689

Vice Palace Master Liu had already made up his mind. The last successor of Sheng NV would be Lin Chuchu, but he still had to go through the formalities.

Sheng NV looked at Yun chujiu with some disgust in her eyes. This Lin Chuchu was obviously Vice Palace Master Liu's puppet. He would not let her be elected no matter what.

Yun chujiu was so smart that she immediately noticed the change in Sheng NV's eyes. She thought to herself, "Mother, there's nothing I can do. I have to temporarily curry favor with Vice Palace Master Liu, this old bastard. When I become the successor of Sheng NV, we can work together to face the outside world!"

Vice Palace Master Liu gave Zheng Mama a look, zheng Mama announced loudly, "After the third round of testing, the final three winners are Lin Chuchu, Jin Zhi, and Qing Lan. "The three of you will immediately enter the saintly Virgin Palace to study. Ten days later, the saintly virgin will personally choose the successor of the saintly virgin, Sheng NV."

The girls who were eliminated were already mentally prepared, so they accepted it very calmly. Only Shen Zimo glared at Yun Chujiu with a resentful look. If it wasn't for Yun Chujiu, she would have been ranked third, so it could be imagined how much she hated Yun Chujiu.

Yun Chujiu moved closer to Mo Wanwan's ear. "Wanwan, can the three of you stay in river of forgetfulness city for a few more days? After the fourth round of the test is over, I'll come and play with the three of you."

Mo Wanwan nodded. "I'm fine. I'll help you ask the two of them. Chuchu, you'll definitely succeed! When you become the successor of Sheng NV, we'll also bask in the glory, Hehe!"

Yun Chujiu's heart warmed. Mo Wanwan was not resentful or jealous because she was eliminated. It seemed that she had a good eye for people!

Yun chujiu wanted to say a few more words when she heard a middle-aged woman say, "Lin Chuchu, Jin Zhi, Qing Lan, follow me!"

Yun chujiu did not dare to delay and said to Mo Wanwan, "A gift for the three of you. Wait for My Good News!"

After saying that, Yun chujiu stuffed a storage ring into Mo Wanwan's hand and followed behind the middle-aged woman.

Mo Wanwan was stunned. After she sent her divine sense into the storage ring, she was stunned. There was actually a huge amount of netherworld stones inside. There were actually as many as 100,000 of them.

Although Mo Wanwan was puzzled by Yun Chujiu's wealth, she did not reveal it. She followed the eliminated girl out of the Netherworld Hall.

“Lu Qin, yinghan, let’s find an inn to stay in. It’s not easy to come here. Let’s take a good look around the river of forgetfulness city before we go home!” Mo Wanwan said to the two of them.

Lu Qin and Zhou Yinghan knew that something was up when they saw Mo Wanwan’s cryptic look when she spoke, so they agreed.

After the three of them found an inn to stay in, Mo Wanwan took out Yun Chujiu’s words and the storage ring.

“F \* ck! Chuchu is actually so rich? This is 100,000 Netherworld Stones! He gave it to us just like that?” Zhou Yinghan said in surprise.

Lu Qin’s thoughts were more meticulous. She frowned and said, “I’m afraid Chuchu doesn’t want to play with us, right?”

“What else can he do if he doesn’t want to play with us?” Zhou Yinghan asked in confusion.

Lu Qin and Mo Wanwan looked at each other. Clearly, they had guessed each other’s thoughts. Lu Qin gestured for Mo Wanwan to speak first, hence, MO wanwan said, “Every time the Sheng nv selects someone they trust to take up some important positions. Chu Chu is probably planning to let us help her if she wins!”

Lu Qin nodded. "I think so too. Chu Chu is full of evil intentions. She Won't make us wait for her for no reason."
