

## The Yun Family's Ninth Child is an Imp! Chapter 1690

Zhou Yinghan slapped her thigh. "What you guys said makes sense! It's just that the three of us have average family backgrounds and average spiritual power. Why did Chuchu choose us?"

"Perhaps it's because our family background is average! Those women from big families might not listen to Chuchu. Moreover, even if Chuchu becomes Sheng nv, I'm afraid he won't have any real power." Mo Wanwan's thoughts became more active, this was also the reason why Yun Chujiu gave her the storage ring.

"Then what should we do?" Zhou Yinghan scratched her head and looked at Mo Wanwan and Lu Qin.

Mo Wanwan was silent for a moment and gritted her teeth. "I've decided to take a gamble! Sheng NV has been able to turn the tables repeatedly and has even helped us a lot. I believe that not only will she become a saintess, she will also be able to hold real power."

Lu Qin thought of a certain person and her face turned slightly red. "I've also decided to follow Sheng NV. She will definitely be able to do it."

"Since all of you have decided to follow Sheng NV, then I'll stay as well! Oh right, do you think the words that Sheng NV said when he came out from the Netherworld Divine Hall are true? Why do I feel that this person is lying?" Zhou Yinghan said.

Mo Wanwan pursed her lips. "There's an 80-90% chance that it's fake. It's probably to gain the favor of Vice Palace Master Liu. That Jin Zhi and Qing Lan will definitely not be able to win against Sheng NV. Let's just wait for the good news from Sheng nv!"

..

Many years later, the three of them recalled their decision back then. They could not help but feel extremely fortunate that they were young and ignorant. Just because they trusted one person, they made a decision that was enough to change their fates and that of many others.

Yun Chujiu, who was being nagged by Mo Wanwan and the other two, was being severely reprimanded at this moment.

This fellow silently recited a poem in his heart. "When you cook the beancurd, the beancurd sobs in the pot. They are originally of the same root, so why are you so anxious to fight each other? Oh My God, you will definitely regret it in the future. The one you punished is your precious little jiu!"

"Lin Chuchu, I heard that you guys have learned etiquette. I didn't expect that you would still be skipping around when you walk. What a disgrace!" Sheng nv coldly berated.

Jin Zhi and Qing Lan, who were standing at the side, couldn't help but gloat. They deserved it!

This Lin Chuchu was in the limelight just now. Initially, she thought that Sheng NV would favor her a lot. She didn't expect that Sheng NV would scold her right away. He must not like her!

Yun Chujiu knew that Sheng NV's first impression of her was very bad. Now that she had said so much, she simply lowered her head and didn't say anything, allowing Sheng nv to scold her fiercely.

Seeing this, Sheng nv didn't say anything more, but she made up her mind. No matter what, she had to find a way to get rid of this Lin Chuchu.

Sheng nv took a sip of tea, then, she said, "The three of you will learn etiquette from Mama Yi in the next few days. Although you have learned some before, those are just the tip of the iceberg. What Mama Yi taught you is the essence. All of you should learn it well. If I find out that any of you don't study hard, you will be directly eliminated!"

Yun Chujiu and the other two nodded in agreement. Then, they followed Yi Mama to their dormitory in the saintly Virgin Palace.

Yi Mama was the middle-aged woman from before, and her face was very serious. Yun chujiu realized that she couldn't tell her cultivation level, so she should be above the second level of the spiritual venerable realm.

This Yi Mama should be the beauty's mother's confidant, so she must be tormenting me. Sigh, if I can't bear it, then I'll mess up the big plan, so I'll just bear it!

Yun chujiu found that not only were there many guards guarding the periphery of the saintly virgin palace, but there were also many hidden guards in the saintly Virgin Palace. Moreover, their spiritual power was not low, so they were probably sent by Vice Palace Master Liu to monitor the saintly Virgin Palace.
