

The Yun Family's Ninth Child is an Imp! Chapter 1692

After Yun Chujiu finished speaking, she lay down on the bed again and took out her notebook to read happily. She did not care about the effect of her words at all.

Jin Zhi was stunned for a while and stood there without saying a word.

Qing Lan never dreamed that Yun chujiu would actually say such words. Although she had never heard of some words, such as intelligence, White Lotus, beating into SH * t, and so on, it did not delay her from understanding the meaning of those words, she was afraid that Jin Zhi would see through her intentions, she quickly explained, "Jin Zhi, don't listen to her nonsense. Am I that kind of person? I'm really just defending you against injustice! You must not fall into Lin Chuchu's trap. She's just trying to sow discord between the two of us."

Jin Zhi looked deeply at Qing Lan. "Defending me against injustice?" "I remember that my enmity with Ji Yuan of the Ji family is because of your injustice. My enmity with Zhou Fu of the Zhou family is also because of your injustice. That's why my reputation in Yuanping city has always been arrogant and despotic. On the other hand, you, Qing Lan, have always been known for your gentleness and reason. I, Jin Zhi, am really blind. You better take care of yourself!"

Qing Lan opened her mouth and wanted to say something, but she swallowed her words. Now that Jin Zhi was angry, it was futile to say anything.

Qing Lan looked at Yun Chujiu with hatred. This Lin Chujiu was really detestable. Just you wait, I will definitely think of a way to get you eliminated. When I become the Sheng NV, I will not forgive you!

After Jin Zhi made the bed, she also laid on the bed. Her eyes were slightly red. She truly treated Qing Lan as a friend. She did not expect to be used as a fool from the beginning to the end!

“Master, why don’t you find a chance to introduce yourself to your foster mother?” Xiao Heiniaio asked in confusion.

Yun chujiu sighed. “Of course I want to introduce myself to her. However, if I tell my beautiful mother about my identity, she will definitely give herself away. If that old bastard vice palace master Liu finds out, it will be bad. “Moreover, the saintly Virgin Palace is full of eyes and ears. The slightest movement will be discovered, so I’d better hide it for the time being!”

“Master, but if you keep it a secret, your adoptive mother’s impression of you right now is very bad. What if you’re eliminated? Wouldn’t all your previous efforts go to waste?”

“Don’t Worry!” A small arm can’t twist a thigh. Vice Palace Master Liu Won’t let me be eliminated! Jin Zhi and Qing Lan both came from big families. Vice Palace Master Liu won’t let them become saintesses, Sheng NV. “So, as long as I don’t make any big mistakes, this Sheng NV is mine!” Yun Chujiu said with certainty.

“Master, what will you do after you become Sheng NV? You are running out of disguise pills!” Xiao Heiniaio asked worriedly.

Yun chujiu smiled, "Xiao Hei, master, I already have five more disguise pills. I can hold on for another two months."

"What? Master, where did you get them?"

"Someone gave them to me, of course. Did you forget that there is a spy for the gigolo in the Netherworld Palace?" Yun Chujiu said with a smile.

"Spy? Who is the spy? When did I give them to you?" Xiao Heiniaoyao was extremely curious.

"That servant girl who was serving me food, she specially packed a few more buns for me. She even told me that they were stuffed with meat. I felt that something was fishy. When I went back to take a look, there were indeed five disguising pills inside. Uncle-master is really a timely help!" Yun chujiu thought to herself, if it were not for these five disguising pills, things would not have been so easy.

Just as Yun Chujiu was communicating with Xiao Heiniaoyao through her spiritual sense, Jin Zhi walked to her bed.
