

The Yun Family's Ninth Child is an Imp! Chapter 1695

Yun chujiu, this unlucky person, didn't know that her parents were trying to plot against her. She was sitting on the recliner and basking in the sun.

Jin Zhi and Qing Lan were practicing some of the etiquette taught by Yi Mama in the courtyard. Qing Lan was very jealous when she saw Yun Chujiu's leisurely appearance. She didn't expect that Lin Chujiu was actually hiding her skills in the past, it was really detestable.

"Sigh, I say you two should stop practicing. This temperament is natural. No matter how much you practice, you can't compete with me. This Sheng NV must belong to me!" Yun Chujiu was really bored and began to tease her son.

Jin Zhi couldn't stand it anymore. "My temperament can't compete with a poor person like you? I don't believe that I can't compete with you!"

Qing Lan also snorted coldly and ignored Yun chujiu, continuing to practice in the courtyard.

Yun chujiu sighed. "Sigh, you guys really don't turn back until you hit a wall. Then you guys continue to practice! Actually, I'd rather you guys be stronger. Being Invincible is also very lonely."

Zhi Hua and Zhi Qin were both dumbfounded. How did this clown and good-for-nothing pass the previous assessment?

In the next few days, Yi Mama would only come over occasionally to answer some questions before leaving the courtyard. She was completely free-spirited.

Yun Chujiu knew that this was definitely a big move, and it was targeted at her. However, this guy was just full of confidence. He would take whatever came his way. If he was worried about this or that, he wouldn't need to live anymore.

That morning, Yi Mama said to the three of them, "The weather is good today. Sheng NV is hosting a banquet in the backyard. Follow Me!"

The three of them followed Yi Mama Out of the courtyard and came to a large garden of Da Hua Garden. There were all kinds of strange flowers and plants competing with each other. There were also some pavilions and pavilions. The scenery was very good.

Jin Zhi and Qing Lan enjoyed the beautiful scenery while walking. Yun chujiu was not very interested in it. These flowers and plants could not be eaten, so she might as well plant some fruit trees!

Yi Mama brought the three of them to a pavilion with pastries and tea already placed inside.

“Three young ladies, please wait for a moment. Sheng NV will be here soon,” Yi Mama said to the three of them.

However, the three of them waited for a long time but did not see Sheng nv coming. Yi mama frowned and said, “Three young ladies, please be patient. I will go and see what is going on. If the three young ladies are bored, just stroll around in the garden.”

Yi Mama then left in a hurry, leaving Yun Chujiu and the other two staring at each other.

Yun chujiu did not know what was polite at all. She poured herself a cup of tea and then crossed her legs to drink tea and eat snacks.

Jin Zhi and Qing Lan looked at her with disdain, then they stood up and left the pavilion to admire the flowers.

Yun Chujiu sat on the chair and closed her eyes to rest after eating and drinking her fill. She was enjoying herself very much.

Hidden in the dark, Mama Yi was sweating profusely when she saw the situation. This Lin Chuchu was really too difficult to deal with. If she did not leave the pavilion, how could she be lured there?

Just as Mama Yi was anxious, she saw Yun chujie stretch lazily and walk down from the pavilion. Mama Yi's heart was filled with joy. She was about to succeed!

Yun chujie picked up a few flowers out of boredom. After removing the petals, she threw them at Jin Zhi and Qing Lan. "The heavenly lady is scattering the flowers! Isn't it fun?"

Jin Zhi and Qing Lan felt as if their hearts were going to explode. What fun! Besides, are we so close to you that we're joking? We clearly don't get along with each other, okay?
