

## The Yun Family's Ninth Child is an Imp! Chapter 1700

Hearing Yun Chujiu's words, Jin Zhi felt a little more at ease. She thought that she must have been provoked, and that was why she felt that she could trust Lin Chujiu.

The two of them walked along the tunnel. After about 15 minutes, there was a fork in the road ahead. They were in a dilemma. which path should they take?

"Should we go left or right?" Jin Zhi asked Yun chujiu with a dilemma.

"Right!" Yun Chujiu said with certainty.

"Why did you choose the right? What did you see?" Jin Zhi asked with confusion.

"Are you stupid? Men Go left and women go right! We are women, so we have to go right." Yun Chujiu said with a smile.

Jin Zhi..

The two of them walked along the right side of the tunnel for about 15 minutes and found that there were stairs at the end. The two of them went up the stairs and there was a stone slab on it.

Yun chujiu leaned against the stone slab and listened. She did not hear any movement. She used her finger to knock twice, but there was nothing unusual. Only then did she carefully push the stone slab upwards, but she did not push it.

Yun chujiu motioned for Jin Zhi to come over. The two of them pushed together, and only then did they open a crack in the stone slab. Yun chujiu looked up from the crack and could not help but be stunned.

This was actually the pavilion where they had stayed at the beginning. The reason why Yun Chujiu was so sure was because there were still some cake dregs on the ground, which Yun Chujiu had accidentally dropped when she was eating.

Yun chujiu could not help but be very puzzled. They had spent so much effort to build the tunnel that actually led to this place. Why did the person who designed the tunnel do this? Was there a bump on his head?

However, no matter what, at least he had saved them. They should go out first.

Yun Chujiu said to Jin Zhi, "You have a concealment talisman, right? Give me one. I'll go out first, and then cover you."

Jin Zhi took out an invisibility talisman and handed it to Yun Chujiu. "This invisibility talisman is only effective on people below the spiritual venerable level. Be careful."

Yun chujiu nodded. The two of them spent a lot of effort to move the stone slab away. Only then did they realize that no wonder it was so heavy. It turned out that there was a stone table on top of the stone slab.

Yun chujiu carefully poked her head out bit by bit. When she saw that there was no one around, she climbed up and pulled Jin Zhi up.

After Yun chujiu removed the concealment talisman, she took the stone tablet and the stone table back into the distance. Then, the two of them used a cleaning spell and began to talk.

"When the time comes, you just have to speak as little as possible. Just leave it to me," Yun Chujiu said to Jin Zhi. She was not worried that Jin Zhi would betray her at all. The two of them were now in the same boat. Moreover, she had made an oath in her heart.

On the other side, the SAINTESS had sent someone to inform Vice Palace Master Liu and arrived at the edge of the forbidden land with a great fanfare, Sheng NV.

Vice Palace Master Liu asked Qing Lan gloomily, "Did Lin Chuchu and Jin Zhi really enter this forbidden land?"

“Reporting to Vice Palace Master Liu, Lin Chuchu and Jin Zhi insisted on going in because they saw the scarlet flame rabbit enter the forbidden land. I couldn’t persuade them no matter what, so I had to report it to the SAINTESS,”Qing Lan said helplessly and anxiously.

Vice Palace Master Liu’s face was gloomy. This forbidden area was dedicated to the spirit of the netherworld. Whether Lin Chuchu entered it by mistake or voluntarily, she was no longer qualified to be the SAINTESS. She could only let the remaining Qing Lan be the successor of the SAINTESS!

Qing Lan’s thoughts were quite deep, and the Qing family behind her was not small either. She was really not the best candidate. If it really didn’t work out, she could only think of a way to eliminate Qing Lan. However, after spending so much effort, it was all for naught. It was really infuriating!

Qing Lan saw that the Saintess and vice palace master Liu’s expressions were very gloomy, and she was very proud of herself. Lin Chuchu, Jin Zhi, you are definitely going to be eliminated! Sheng NV and Jin Zhi!
