

## The Yun Family's Ninth Child is an Imp! Chapter 1708

Thinking of this, Yun chujiu nodded and said, "No worries, let's Go!"

Yun chujiu followed Zhi Hua to the entrance of the saintly Virgin Palace. Zheng mama was waiting at the entrance of the saintly Virgin Palace. Yun chujiu smiled and said, "Zheng Mama, long time no see."

"Greetings, Miss Chuchu. Please follow me!" Zheng Mama said respectfully.

Yun chujiu cursed in her heart. This zheng mama was really obedient. She was very good at showing off. She didn't believe that Yun Chujiu didn't know that Yun Chujiu was just a puppet.

Yun chujiu followed Zheng Mama to a courtyard. When they entered the courtyard, there was indeed a middle-aged woman waiting for them. When she saw Yun Chujiu, she bowed in fear and trepidation.

Yun chujiu was used to being pretentious. She mimicked her beautiful mother and said coldly, "No need for formalities."

The middle-aged woman was indeed shocked. She felt that this successor of Sheng NV was really very honorable. The aura she exuded was really not to be underestimated.

The middle-aged woman was afraid that the clothes she made would not fit. She measured them several times before indicating that she had finished measuring them.

Zheng Mama waved her hand, and a maid brought the middle-aged woman out.

Yun chujiu knew that the main event was coming!

“Miss Chuchu, you are smart. I believe that you can see through my attitude toward you,” Zheng Mama said in a reserved manner.

“I naturally know how Zheng Mama has nurtured me. Thank you, Zheng Mama!” Yun Chujiu was good at talking, so she tried to block her words.

“Since Miss Chuchu is so sensible, I will not hide it anymore. Vice Palace Master Liu thought highly of you and thought that you would stand out, so he asked me to take care of you. “Sure enough, you are talented and intelligent, and you have been favored by the spirit of the Netherworld to become the successor of Sheng NV.” Zheng Mama said, she did not continue.

“Zheng Mama, I did not expect that an orphan like me could actually receive the care of Vice Palace Master Liu. I am so touched! “If there is a chance, I will definitely repay vice palace master Liu Properly!” Yun chujiu showed a grateful expression, that expression was so sincere that even she almost believed it.

Zheng mama was very satisfied with Yun Chujiu's ability, she nodded slightly. "This old servant will pass on Miss Chuchu's words to vice palace master Liu. Vice Palace Master Liu also asked this old servant to pass on a message to you. The SAINTESS is not willing to give up her position. The only person who can help you is Vice Palace Master Liu."

Yun Chujiu's eyes reddened, she said with some grievance, "Zheng Mama, I know even if you didn't tell me. The SAINTESS arranged such a test in the fourth round. She clearly wanted to eliminate me, but she didn't expect the spirit of the Netherworld to appear. That's why I was lucky enough to win. She definitely won't tolerate me!" "Zheng Mama, I'm really scared!" Said Sheng nv! "The Saintess won't find a reason to kill me, will she?"

"Miss Chujiu, have you forgotten? You still have Vice Palace Master Liu Behind You! You just need to learn from the SAINTESS diligently. The rest of the matters will naturally be handled by Vice Palace Master Liu!" Zheng Mama saw that Yun chujiu was so worried and timid, she couldn't help but sneer in her heart. Such a person was suitable to be a puppet. At first, she was worried that Sheng NV would become the successor of the SAINTESS, but she didn't expect that Sheng NV was just a little girl who hadn't seen the world!

Yun chujiu smiled. "That's Great!" Zheng Mama, you must help me thank Vice Palace Master Liu. I will definitely listen to Vice Palace Master Liu's arrangements in the future. "He asked me to go east, so I will never go west. He asked me to drive the dogs, so I will never drive the chickens!"
