

## The Yun Family's Ninth Child is an Imp! Chapter 1712

Every Time Yun Chujiu found a group of hidden guards., she would say with a smile, "Aiya, I'm really sorry. I just took a casual glance and found you guys. I thought you were bad people! Since you're on the same side, you can continue to hide. I'm leaving!"

Those hidden guards could only admit their bad luck and find a hidden place to hide again.

However, once or twice was a coincidence. Why did you come to find us every day?

Later on, these secret guards were also enraged. They thought of ways to find a hidden place to avoid being found by Yun Chujiu.

However, no matter how hidden they were, Yun chujiu would find them. You Chi and the others could not help but feel lucky. Fortunately, they only needed to lose a hundred netherworld stones. If the stakes were high, they would lose everything.

The SAINTESS did not know what she was planning. Ever since she summoned Sheng nv, she had not summoned Yun Chujiu. Yun chujiu was mindless and was busy playing hide-and-seek every day. She did not take the initiative to ask to see Sheng NV, on the other side, Vice Palace Master Liu was a little impatient.

On this day, Yun Chujiu was busy playing with the secret guards. Zhi Hua came over and said, "Miss Chujiu, Zheng Mama said that there seemed to be a mistake in the measurements taken by the Mian Xiu Xuan last time. She asked you to measure it again."

"Alright, then I'll measure it again." Yun chujiu sneered in her heart. I'm afraid that the old bastard, Vice Palace Master Liu, can't sit still anymore. This is good. The more impatient he is, the higher the chance of my success.

Yun chujiu hopped out of the saintly Virgin Palace. Zheng mama was waiting at the exit of the saintly Virgin Palace. Her expression was very ugly. Yun Chujiu said with a smile, "Zheng Mama, I haven't seen you for a few days. You look even better!"

Zheng Mama snorted coldly and said in a bad mood, "Miss Chuchu really knows how to talk. Please follow this old servant!"

Yun chujiu followed Zheng Mama to the courtyard from last time. Sure enough, the middle-aged woman from the splendid pavilion was inside. She said something about carelessness, carelessness, and wrong measurements, after measuring Yun Chujiu's measurements again, she was brought out by the maid.

"Miss Chuchu, Vice Palace Master Liu has invited you." There was a hint of schadenfreude in Granny Zheng's tone. This Lin Chuchu was actually fooling around with those secret guards every day. She didn't do anything important at all. She was just waiting for Vice Palace Master Liu to get angry!

Yun chujui followed Granny Zheng into the study room in the courtyard. Vice Palace Master Liu Sat behind the desk with a solemn expression.

“Greetings, Vice Palace Master Liu!”Yun chujui said with a bow.

Vice Palace Master Liu snorted. “Lin Chuchu, what have you been doing these days?”

“Reporting to Vice Palace Master Liu, I’ve been thinking about how to get the mnemonic formula out these days,”Yun Chujui said respectfully.

Vice Palace Master Liu slapped the desk. “Do you think I don’t know what you’ve been doing?”? “Sheng NV, you didn’t go to the SAINTESS to learn the mnemonic chant these days. Instead, you hung out with those secret guards every day. This is outrageous!”! “I can make you the successor of the SAINTESS, so I can also Cripple You!”

“Vice Palace Master Liu, I have a favor to report! I hope you can understand!”

“Humph! I want to hear what you have to say! Say It!”Vice Palace Master Liu said with a gloomy face.

“Vice Palace Master Liu, I play with those secret guards every day just to confuse the SAINTESS. I want her to think that I am a playful little girl. Only then can I proceed to the next step!” “I have a brilliant idea!” Yun Chujiu said proudly.

Vice Palace Master Liu frowned. “What Good Idea do you have?”
