

The Yun Family's Ninth Child is an Imp! Chapter 172

"Young master, shall we go down and take a look?" The man controlling the air-transportation spiritual tool asked for instructions.

"No need. The main business is more important. Come to the Spirit Radiance Sect again when you have time!" The red-clothed man exerted a little strength in his hand and the skull in his hand turned into powder. Then, a new skull appeared in his hand.

Yun Chujiu did not know that she had already been targeted by someone. At that moment, she had a look of despair on her face!

When Yun Chujiu saw that she had successfully formed the contract, she did not have the time to praise herself in her heart when she saw the rolling pin dancing in the room.

"Little Flame, we've already formed the contract. Shouldn't you reveal your true form?" Yun Chujiu asked the rolling pin expectantly.

"Master, this is my true form! How awe-inspiring!" The rolling pin flew a few rounds in front of Yun Chujiu smugly.

Yun Chujiu looked at the 1.5-foot-long rolling pin. Although there was a dark light flashing around her, she really could not consider it awe-inspiring. She coughed dryly and asked, "Little Flame, didn't you say that you're the Ninth Heaven Silver Dragon Wind Fire Rod? Shouldn't your true form be very awe-inspiring?"

The rolling pin paused in mid-air for a moment, then it turned its body longer and longer. "Master, is that what you mean? I can turn into a very long form!"

"Does that mean you change the length of your body whenever you want?" Yun Chujiu looked at Xiaohuo expectantly.

“Of course I can. However, I can only unleash my full power when I transform into my true form.”

Yun Chujiu was so angry that she began to twitch. If she could not unleash her full power, it would be useless even if she turned into a telephone pole! She finally understood why ancestral Master Linghua did not care about using this so-called immortal artifact. It was too damn embarrassing!

A vivid image immediately appeared in front of Yun Chujiu’s eyes. On the dueling platform, the other party took out a majestic large saber, and then she took out a rolling pin. Just thinking about it made her embarrassed!

However, Yun Chujiu changed her mind. The rolling pin also had the advantage of a rolling pin. At the very least, it could make the other party underestimate the opponent. Moreover, no one would have thought that a rolling pin was a so-called immortal artifact.

“Alright, then you can maintain this state. However, when you’re outside, you have to hide the dark light so as not to attract other people’s attention!” Yun Chujiu’s ability to accept things was quick, so she decided to let the rolling pin be!

After Yun Chujiu successfully abducted the rolling pin, she yawned twice. “You two play, I’ll catch up on my sleep.”

Yun Chujiu fell asleep very quickly. The little black bird and Little Flame looked at each other, then turned their heads in tacit understanding. “What the hell! Hmph!”

Little Black thought to itself. It thought that it had taken in a little brother, but it did not expect it to be a little girl and a useless rolling pin. Just thinking about it made it embarrassed!

Little Flame looked down on the little black bird even more. It was ugly. How could it be as smart as it was. On top of that, it wanted to take the rolling pin in as a little brother. In its dreams!

Yun Chujiu slept until the sun set. She washed up briefly, then took out the food that she had 'borrowed' from the big kitchen from her storage ring and called for the Little Black Bird to eat.

Before Little Black could fly over, the rolling pin floated over.

"Master, Little Flame also wants to eat."

Little Black hugged its wings and rolled on the ground laughing. "Hahaha! I'm dying of laughter! You, a rolling pin, want to eat? Do you have a mouth? Do you have a stomach? Do you have a butt?"

There seemed to be green smoke coming out of the rolling pin and it hit Little Black.

Little Black quickly flapped its short wings and landed on Yun Chujiu's leg. "Master, Master, save me! The rolling pin is going to kill me!"
