

## The Yun Family's Ninth Child is an Imp! Chapter 174

With Yun Chujiu's explanation, everyone nodded their heads. No wonder the sect leader rewarded Little Jiu. Little Jiu had indeed made a great contribution.

Yun Chusi took out the dinner that he had brought for Yun Chujiu from his storage bag. Yun Chujiu took it with a smile.

Everyone chatted for a while more before Yun Chusi and the others left.

Yun Chujiu saw the rolling pin flying toward the stone table and quickly put the food into her storage ring.

The rolling pin awkwardly turned around and went to play with Little Black.

Yun Chujiu cursed in her heart. She did not know how good this rolling pin was, but it was truly a foodie.

The next day, the news of Yun Chujiu receiving the reward spread throughout the entire Spirit Radiance Sect. Everyone felt that Yun Chujiu had really lucked out!

One had to know that the access to the library was limited according to one's status. Servant disciples could only borrow books on the first level, but this Yun Chujiu had suddenly obtained the same access as the elders—it was really enviable!

Those who came to the cafeteria to eat could not help but say a few words of jealousy. Fortunately, Yun Chujiu was a big-hearted person. One could say whatever they wanted to say, and she would just ignore you.

When everyone saw that Yun Chujiu was not affected by it, it became pointless to talk about it. After a few days, no one brought it up anymore.

Yun Chujiu was a little troubled. Although she had access to the library, she did not have the time! She had three meals a day, and sometimes she had to cook supper. How could she have the time to read books?!

Hence, this fellow started thinking.

One day, when everyone was having lunch, Yun Chujiu walked to Elder Huang and said seriously, "Elder Huang, I have a suggestion. I don't know if it's appropriate?"

Elder Huang smiled. "What suggestion? Just say it."

"Elder Huang, why are the staff in the big kitchen not welcomed?" Yun Chujiu asked curiously.

Elder Huang's face was very awkward. Yun Chuwu quickly tugged at Yun Chujiu's sleeve. Yun Chujiu winked at her.

"Sigh, our spiritual power is too low, that's why it's like this!" Elder Huang sighed.

"Then why is our spiritual power too low?" Yun Chujiu continued to ask.

This time, without waiting for Elder Huang to speak, Hou Tian said, "Firstly, our aptitude is not as good as the others. Secondly, we are busy all day, how will we have time to cultivate?"

Yun Chujiu snapped her fingers. "That's right! The crux of the problem lies here! There might be some slight differences in aptitude, but the crux is that we don't have time to cultivate! If we have the time and the correct cultivation method, I believe that our Middle Peak kitchen isn't inferior to anyone from any department!"

Mei Li said in a muffled voice, "Little girl, do you even need to say that? The main thing is that we really don't have time to cultivate! If we cook any meal too late, it would be bad."

Yun Chujiu bared her little white teeth. "Elder Huang... Everyone... I have a good idea. It won't delay work, but it can also free up time for us to cultivate."

"What Idea?" Everyone's eyes lit up as they looked at Yun Chujiu with hope.

Yun Chujiu straightened her small body and said with her hands behind her back, "Although some words may not sound good on the surface, I have to say it today. Although everyone is working, it's inevitable that there will be times when they are sneaky and cunning. Why is that?"

When Yun Chujiu said that, some people could not help but feel a little guilty. Everyone was lazy at some point, and sometimes it was inevitable that they would be lazy.

"This is because of the big pot of rice! To put it bluntly, it's just to make up the numbers. No matter how much you do, it will be the same! My method is to divide us into three groups and work in turns."

Bei Yuan was the first to react. "Little Jiu, you mean that one group can work while the other two groups can cultivate?"

"That's right! That's exactly what I mean! This way, everyone can rest for two days after a day of work! Of course, if everyone's enthusiasm is aroused, they can also be divided into four groups and five groups, then everyone will have more time to rest! What do you think of my idea?"
