

The Yun Family's Ninth Child is an Imp! Chapter 1745

Just as the SAINTESS was about to attack the enchantment, she heard Yun chujiu say smugly, "There's no need to use a butcher's knife to kill a chicken. My beautiful mother, look at my little nine Thunderbolt Needles! My little nine thunderbolt needles are the battle needles that can break the Enchantment!"

The SAINTESS could only step back and watch Yun Chujiu attack the enchantment with the little purple needles. Not long after, a gap was created in the enchantment. Sheng NV was stunned, yun chujiu said proudly, "Beautiful mother, actually I still have the sudden rupture talisman, but that thing is too loud. Little Nine's thunderbolt needle is more reliable."

Sheng nv casually praised her, yun chujiu raised her tail. "Beautiful mother, you'll know in the future. I'm very capable!" "I'm not bragging. In the Tian Yuan continent, I'm known as Little Nine Fairy. I'm also considered one of the best among my peers..."

The Saintess' eyes twitched. "Little Nine, since the enchantment has been opened, let's go into the tunnel first."

Although Yun Chujiu had not finished bragging, she had no choice but to bring the SAINTESS into the tunnel. After the two of them entered, the entrance to the tunnel was sealed with a loud bang.

Yun Chujiu had the experience from last time, so she did not panic. After taking out the night pearl, she continued to walk forward with the SAINTESS. "Sheng NV."

Soon, they arrived at a fork in the road. Yun chujiu pointed at it. “Mother, this fork leads to a pavilion in the garden. We don’t know where this one leads to. Let’s go and take a look.”

Sheng nv nodded. “Okay, be careful.”

The two of them walked along the tunnel for another hour before they finally saw the end. Just as they were trying to find an exit, they heard a noise in front of them.

The SAINTESS and Yun Chujiu looked at each other. Both of them activated their concealment talismans at the same time, and they were on full alert. Sheng NV and Yun chujiu looked at each other.

Yun Chujiu’s heart skipped a beat. The thought that flashed through her mind just now became clear, and she had a bold guess in her heart. Perhaps this tunnel was not dug by the ancestors of the beautiful woman’s mother, but by outsiders. As for the purpose of digging, it was very simple. It was to go after the supreme-grade spirit stones! The supreme-grade spirit stones that disappeared previously were not taken away by the netherworld spirit, but stolen by someone else!

If that was really the case, it was likely that this family had been doing this for several generations. It was a good plan. The accumulated supreme-grade spirit stones were enough to flourish a family.

Just as Yun Chujiu was thinking about it, the sound in front of her grew closer and closer. Then, light shone in, and there were voices of two people talking.

“Father, the supreme-grade spirit stones were much less last time. Could it be that the Sheng nv found something strange?”

“Impossible! There hasn’t been any problem for more than a thousand years. How could there be a problem all of a sudden? The Sheng NV must have been careless, so she put less spirit stones. Maybe she will make up for it this month.”

“TSK tsk, father, do you think the people of the Nether World Hall are all idiots? Do you really think that the nether spirit will take away those supreme-grade spirit stones?”

“HMPH!” They felt that the netherworld spirit was omnipotent. After all, we didn’t have the power of the netherworld, so there was no need to be afraid of the so-called Netherworld Spirit. “Moreover, now that Vice Palace Master Liu has turned the Netherworld Palace into a mess, the netherworld spirit has yet to show itself, so it’s hard to say whether the netherworld spirit is there or not. Let’s just make a fortune.”

As he spoke, two people walked towards Yun Chujiu and the SAINTESS. One was in his fifties, and the other was in his twenties. They were obviously father and son, and their spiritual power levels were not even at the level of a spirit paragon, therefore, they did not notice the Sheng NV and Yun Chujiu at all.
