

## The Yun Family's Ninth Child is an Imp! Chapter 1748

Although the father and son were skeptical, they did not dare to say much and could only stagger away.

The SAINTESS was about to ask Yun chujiu why she did this when she heard Yun chujiu say, "Mother, we have wasted a lot of time. Let's go back first. Otherwise, that old bastard vice palace master Liu will be suspicious."

Hearing Yun Chujiu's words, the SAINTESS could only suppress the doubts in her heart. She followed Yun chujiu back to the cave. After covering the entrance, they returned to the tunnel.

After the two of them left the forbidden area, Yun Chujiu looked around. Sure enough, she saw a few sneaky figures. She couldn't help but sneer in her heart. I'll let you guys jump around for a few days.

Yun Chujiu deliberately raised her voice and said, "Saintess, I'm really too stupid. It took you so long to learn the consecration ceremony of Sheng NV."

Sheng nv said lightly, "Although your comprehension is a little low, you can still learn it if you practice hard. Come with me, and I'll give you some pointers."

"Yes!"

Yun Chujiu followed Sheng NV to the main hall. Sheng nv asked the maid to serve lunch and sent them away.

“Little Jiu, why did you let those two people go? If they go out and talk nonsense, wouldn’t it be bad? We should kill such petty people!”Sheng nv said fiercely after opening the isolation array.

“Mom, I think the ancestors of those two people are really smart. They actually thought of such a way to make money. I really admire them!”Yun Chujiu said with a smile.

The Saintess glared at her. Her own spiritual stones had been stolen, how could she admire a thief? Is there something wrong with their heads?

“Mom, I’m joking with you! I kept them for a purpose. Think about it. The entrance of the tunnel is outside. When they come in with our reinforcements and come out from the garden, wouldn’t it be undetectable? This is simply a great opportunity given to us by the heavens! I have already sent a voice transmission talisman to my uncle-master. My uncle-master will send someone to keep an eye on those two people.

Moreover, there might be a lot of spirit stones in their house. Those are all from our house. I will get someone to get those spirit stones back. As for whether these two people should be killed or kept.., let’s see their performance!”Yun chujiu blinked her eyes and said. If it wasn’t for the fact that the two of them were still useful, this guy would have killed them long ago. Damn it, he actually had designs on our house’s spirit stones. He was simply courting death!

Sheng nv finally came to a realization and couldn't help but sigh in her heart. Little Jiu was really smart. She could think of many things in one matter. As a mother, she was really inferior to her.

"Mother, now we're waiting for news from the Jin family. We'll have a conclusion in a few days. Whether the Jin family agrees to cooperate or not, we have to take action. If we drag this out, that old B \* stard, Vice Palace Master Liu, will definitely notice something is wrong."

"Mother will listen to you. What do you think we should do first?" Sheng NV had already regarded Yun chujiu as her backbone.

"Mother, can you estimate how many people in the saintly Virgin Palace are yours? How many people are in the Netherworld Palace? How many are neutral? Let's first estimate the situation between the enemy and ourselves before we discuss the specific actions."

..

Just as the mother and daughter were discussing, Yun Chujiu's voice transmission talisman started to vibrate. Yun Chujiu thought it was Jin Zhi or the old man from the Heaven Lake. She didn't expect it to be di Beiming's voice transmission talisman.

Di beiming only said one sentence, "Little Jiu, I will arrive at the river of Forgetfulness City Tomorrow."
