

The Yun Family's Ninth Child is an Imp! Chapter 1750

Although You Chi and the others were very surprised, they already had a vague guess in their hearts, therefore, after a moment, they regained their composure. "Miss Chuchu, is what you said true? The Netherworld Hall and even the Netherworld continent are controlled by Vice Palace Master Liu. Will there really be a force to help the Saintess?"

"Of course there are. There are many people like you who have a righteous heart!" Yun chujiu started to get excited without a trace.

Sure enough, after hearing Yun Chujiu's words, you chi and the other three were stunned, they subconsciously straightened their backs and said, "Miss Chuchu, this is a matter of losing one's head, so we still need to discuss it. But don't worry, we will definitely not leak the news."

"No problem, then you can discuss it. I will come back to look for you tomorrow!" "If you don't go all out, you will most likely be a secret guard for the rest of your lives. Moreover, Vice Palace Master Liu has vowed to attack the Tian Yuan continent. If you are not careful, you might die on the battlefield. Whether you will live or Die or get married and have children is up to you." After Yun Chujiu said that, she left, she hopped away with a smile.

You Chi and the others looked at Yun Chujiu's back and felt extremely conflicted in their hearts. Should they give it their all or not?

After being silent for a long while, you qi gritted his teeth. "Damn it, I've decided to work with Miss Chuchu! At most, I'll just die! It's still better than living such a cowardly life. Furthermore, I'll be able to see My Ying Xue."

The other four almost vomited. Return your yingxue? She doesn't even know what you're thinking, Alright? You're really overthinking things!

However, they also felt that you Qi's words made sense. At worst, they would just die. Perhaps, they could fight for a bright future. Moreover, this was to help the SAINTESS uphold justice. Even if they died, they would still have a good reputation.

Therefore, when they saw Yun chujiu the next day, the five of them expressed their willingness to work with Yun Chujiu, yun Chujiu said with a smile, "That's right!"! If it weren't for our good relationship, would such a good thing be your turn? You have also stayed in the Saintess Palace for a period of time. You should know more or less who is the direct descendant of Vice Palace Master Liu and who is the fence-sitter that you can fight for, right?

What you need to do now is to win over your best friends and get them to kill those direct descendants of yours when the day after tomorrow comes. As for the five of you, I will arrange an important task for you."

Hearing Yun Chujiu's words, you chi and the other three immediately felt that they were highly valued. They were very excited. "Miss Chujiu, don't worry. We will definitely do it beautifully."

"It's best to be safe. Other than your best friends, don't alert anyone else, understand?"Although Yun Chujiu had also placed other bait, those people were not enough to be trusted, when the time came to fight, it would not be too late to fight.

You Chi and the other three nodded in agreement. They were very excited. It was time to make a name for themselves. They never dreamed that there would be such a day. Even if they could not succeed in the end, it was not a wasted life.

Yun Chujiu went to the Sheng NV again. “Mother, we are going to take action the day after tomorrow. Your direct descendants don’t need to do anything else. They only need to protect you and father. Leave the rest to me. Keep these sudden rupture talismans. If there is a strong enemy, blow him up!”

The Sheng NV looked at the big sacks on the ground and was a little confused. “Little Jiu, why did you get a few sacks?”

Yun chujiu giggled. After opening one of the sacks, she pointed inside and said, “Mother, these are sudden rupture talismans! You can keep them. They are all made by our family. They are not worth anything!”
