

The Yun Family's Ninth Child is an Imp! Chapter 1753

Seeing that Di Beiming was still reciting poems, Yun Chujiu shouted angrily, "Scram!"

Then, the whole world fell silent!

Yun Chujiu was so angry that she rolled on the bed. This unromantic gigolo! After she finished her business, she would see how she would deal with him!

On the other side, Di Beiming was holding a book of poetry in his left hand and a voice transmission talisman in his right hand. His face was stiff. He felt that he was also very innocent, okay? !

He spoke less, he despised it!

He spoke more, he despised it!

There was simply no way out!

Just as Di Beiming was stunned, an Feng's voice came from outside the door, "Your Excellency, I have something to report."

Di beiming quickly put away the book of songs and The Voice Transmission Talisman, then said with a dark face, "Come in!"

An Feng felt a low pressure as soon as he entered the room, and he had an ominous feeling in his heart, he decided to cut to the chase, "Your Excellency, I have checked the secret passage with the spies here, and I have sent people to guard the surroundings."

Di beiming nodded, "We must guard it strictly, and we must not lose anything."

"Yes! I will take my leave!" An feng heaved a sigh of relief. Fortunately, His Excellency was not mad.

An Feng turned around and was about to leave when he heard di beiming say, "Stop!"

An Feng grinned and turned around, "Your Excellency, what are your orders?"

Di beiming gritted his teeth, "If a girl asks you to say something nice, what should you say?"

An Feng knew that he could not avoid this, so he could only ask, “Your Excellency, did ninth miss ask you to say it? Then what did you say?”

Di Beiming’s face stiffened, and he took out the book of songs, “I picked a few poems with good meanings and read them to little nine. She, she was actually angry, it’s really unreasonable!”

An Feng staggered and almost fell to the ground. Your Excellency, if you want to show off your literary talent, it’s fine if you read one poem, but you actually read several? ! Do you think you’re participating in a poetry contest? !

Just as an Feng was thinking about it, he heard di beiming shout unhappily, “Why aren’t you speaking? Are You Mute?”

An Feng’s heart was on the verge of collapse. The other party’s secret guards were in charge of killing people and stealing goods, but this was great. He was practically omnipotent, and he even knew how to answer questions with emotions.

“Your Excellency, the ninth miss only asked you to say some sweet words. I miss you very much, I love you, and I can’t live without you. Your poem is too insincere,”an Feng said after some consideration.

“Humph! What I said is insincere? What you said is insincere! I’m also confused. What do you know as a single person? ! Go Down!”Di beiming said with disdain.

Tears streamed down an Feng's face. Your Excellency, is it really okay for you to discriminate against single people like this? When the matter here is over, the baby will also have to leave the single family! Leave the single family! Leave the single family! Say the important thing three times!

After di beiming chased an feng away, he decided to try according to what an Feng said. If it didn't work, he would send an Feng to the northernmost land to keep an eye on the LAN family!

Achoo! Achoo! An Feng, who had just walked out, sneezed a few times. He couldn't help but wonder who was scolding him? Could It Be His Majesty?

Di beiming took out his voice transmission talisman and hesitated for a moment. Then, he gritted his teeth and said with a red face, "Little Jiu, I, I miss you! I feel that without you, I have no meaning to live!"

After di beiming finished speaking, he felt that his integrity had been abandoned by him. It was really too embarrassing!

On the other side, Yun Chujiu was so angry that she was tossing and turning on the bed like a little bastard. When she saw the voice transmission talisman tremble and sent her spiritual sense in, she heard di Beiming's deep voice..
